The Voices Of Hockey: Broadcasters Reflect On The Fastest Game On Earth

Synopsis

Line changes, limited time outs, and pucks traveling 100 miles per hour—hockey is called “the fastest game on Earth” for a reason. Keeping up with this non-stop action, especially for decades on end, takes a special kind of talent. Today’s NHL broadcasters capture the game in arguably the most difficult capacity in the world of sports, giving the fans a guide to the action in a way nobody else could. With careers outlasting the players, coaches, general managers, and, in some cases, the city itself, the NHL’s broadcasters have more than their fair share of stories to tell. In *The Voices of Hockey: Broadcasters Reflect on the Fastest Game on Earth*, Kirk McKnight takes thirty-four of the game’s most gifted play-by-play broadcasters—including nine hall of famers—and shares their many insights, memories, and experiences. These broadcasters have witnessed all-time greats such as Gordie Howe, Bobby Hull, Wayne Gretzky, Mario Lemieux, Sidney Crosby, and Alexander Ovechkin, making them the ideal voices to pay tribute to the legends of yesterday and the heroes of tomorrow. *The Voices of Hockey* brings the reader down to the surface of the ice to experience overtime marathons, record-setting performances, bloodied fights, intense rivalries, and the raising of the Stanley Cup, with details and inside perspectives from some of the most qualified spectators of the game. From Bob Miller’s description of “The Miracle on Manchester” to John Kelly’s childhood recollection of Bobby Orr’s famous “flying goal,” this book is truly an encapsulation of the NHL over the past fifty years. Generations of hockey fans will enjoy reliving their favorite moments and reading about those they missed in this unique and captivating view of the fastest game on Earth.

Sportswriter McKnight, who wrote *The Voices of Baseball*, turns to his other passion, hockey, which he grew up watching during baseball's off-season, and the broadcasters who cover the NHL in what McKnight shows is arguably the most difficult capacity in the world of major sports. He conducts 53 interviews with 34 broadcasters, divided into chapters by the 30 major hockey teams.... [E]ach chapter offers fascinating insights, such as Vancouver Canucks announcer John Shorthouse's description of being aghast and in disbelief while watching Boston Bruin Marty McSorley's infamous 2000 slashing of Canuck Donald Brashear, which Shorthouse calls one of the ugliest incidents in NHL history. McKnight gives an exemplary history of hockey itself and adds excellent chapters on related subjects such as how changes in hockey arenas have affected how the sport is broadcast, and appends a survey of significant announcers from the past whose influence lives on today. (Publishers Weekly) This compilation of unforgettable stories from 34 professional commentators lets you discover or relive 50 years of some of the greatest moments in NHL history. (Grand Forks Herald) Kirk McKnight has nailed the hockey play-by-play experience in his book! He has linked the voices of the game through comprehensive interviews, all of which accurately portray those who describe the action of the world's fastest game on radio and television. Want to know what it's like to call the first period of your favorite NHL team? Kirk's excellent read will keep you in the booth all the way through overtime. (Mike Fornes, former broadcaster, Dallas Stars, Washington Capitals, and Hartford Whalers) The idea of talking to broadcasters gives hockey fans a unique and informative look at some of the great moments on ice. The stories related through the eyes of those who paint the pictures for fans allows us to relish treasured moments in hockey like nobody else. I highly recommend *The Voices of Hockey*. It's a must read for die-hard hockey fans and others who enjoy historical moments from the NHL. (Chris Maathuis, sports director, KLAS- 8 News Now, Las Vegas)
