Customer Reviews

This is a good map and was fun to study. But, since few tourists drive in Bolivia, it's not an essential, unless perhaps you are taking buses to small cities or are in Bolivia for a relatively long stay. I used it a few times during a two week trip, but since the map is not that cheap, might not have bought it if I was taking the trip again.

Very good map and features, seems very accurate, just what was expected not many Bolivia maps around good job

The map of Bolivia was divided on either side of the paper so I couldn't mount the whole country with one map. Seemed odd for a map.
