The Case Of The Jaded Jack Russell (The Thousand Islands Doggy Inn Mysteries Book 10)

Synopsis

Suzy and Josie are featured speakers at the Animal Entrepreneurs Expo in Ottawa and having to deal with Joshua Middleton, the CEO of the largest pet store franchise corporation in North America. He's also someone Josie went to vet school with, and their shared history is anything but good. And when Middleton is found poisoned in a storage room during a cocktail reception attended by several hundred people, the list of suspects quickly begins to grow. As Suzy attempts to work her way through a complicated web of motives and suspects, she and Josie meet the Jack Russell terrier Middleton has been using as his company's mascot and brand representative. And as soon as they learn that the dog isn't being treated well and his spirit is broken, they do everything in their power to figure out a way to take possession of the dog then do everything they can to make sure they don't have to give him back. But when they learn that the head chef at the hotel they're staying at is one of Chef Claire's ex-boyfriends, things take a bizarre turn when it becomes apparent that he is still having a hard time letting her go and just might pose a threat. Further complicating Suzy's ability to focus on who killed Middleton is a dog toy business opportunity that has the potential to be the biggest thing since Beanie Babies. Along the way, they're forced to deal with an odd mix of people including Roxanne, Middleton's gold-digger fiancée who Josie previously stabbed in the hand over dinner one night, the obnoxious and hard-drinking COO of Middleton's company who is suspect #1, and a banker who's been playing a little fast and loose with a lot of the rules. Working with a pair of lovebird Canadian cops, Suzy's neurons are pushed to the limit before this immensely satisfying installment of this increasingly popular series wraps up. The Thousand Islands Doggy Inn Mysteries features two of the smartest and funniest lead female protagonists to hit the cozy mystery scene in a very long time, and Suzy and Josie's affection for food and their boundless love and devotion to their dogs puts this series in the don't miss category. The Case of the Jaded Jack Russell is the latest installment in this fast-paced and funny series that affectionately focuses on dogs, food, and the natural beauty of the Thousand Islands region.

Love this series, just read the latest and ca not wait on the next.

another great book by B R Snow

This is a well written story that has a murder, of course. Suzy and Josie are attending a convention where the murder of the CEO of largest pet supply company is found murdered after arguing with several attendees at the convention. The death of the CEO leaves a Jack Russell , that had been poorly cared for, sets Josie in action to find the killer so she and Josie can take possession of the dog. Very good book with lots of suspects, a mystery man from Chef Claire's past. I highly recommend this book.

Best one as yet. Series just gets better and better and it was great from the start. Did not see the ending until the final pages. Great 1st person delivery by Suzy Chandler "the Snoopmeister". Lots of laughter and snark while Suzy takes us on a totally enjoyable adventure. Suzy is described, when she works out the clues to murder, like a "dog with a bone" but she is marvelously tenacious.

Suzy and Josie are attending a conference about dogs. After they arrive and get settled in they attend an evening ball in which the CEO of the largest pet stores is murdered. Now Suzy and Josie are trying to help the police solve the crime. Alot of twists and turns along the way to keep you

guessing.

I loved this story! I felt so bad for the little Jack Russell pup! His owner was a jerk and the owner's girlfriend wasn't any better. This was a pretty quick-moving story so it stayed interesting to the end!

Love this series, funny

I found the dialog trite and the story line rambling. The JRT in the title very little to do with the tale and the other characters weak stereotypes.
