Stoic Six Pack 6 - The Cyrenaics: Aristippus, Dionysius The Renegade, On The Contempt Of Death, Phaedo, Philebus And Socrates Vs Aristippus (Illustrated)

Synopsis

“Beware the barrenness of a busy life.” Socrates. Aristippus of Cyrene, Epitimidus, Hegesias the Death Persuader, Dionysius the Renegade and Theodorus the Atheist were the leading lights of The Cyrenaics, an early Socratic school active between the fourth and third centuries BCE. Often misinterpreted and somewhat neglected, The Cyrenaics were hedonists who held that pleasure was the supreme good in life, especially physical pleasure, which they thought more intense and more desirable than mental pleasures. But The Cyrenaics were not Sybarites; the question, "What is the Good?" was in the forefront of their belief system and they accepted the idea that life-long happiness and the virtues that sustain it are the principal concerns of ethics. Aristippus authored two lost books - On Ancient Luxury and On the Luxury of the Ancients. Both are referenced in Life of Aristippus by Diogenes Laërtius. There is also a biographical sketch of Aristippus by William Smith from A New Classical Dictionary of Biography, Mythology, and Geography. Hegesias the Death Persuader is discussed in On the Contempt of Death by Marcus Tullius Cicero, excerpted from The Tusculanae Disputationes, a series of books written by Cicero, around 45 BC, attempting to popularize Stoic philosophy in Ancient Rome. The teacher of Aristippus was Socrates who features in two Platonic works in this collection, the Phaedo, one of the great Socratic dialogues providing insight into Socrates and Aristippus; and Philebus, in which the eponymous speaker tries to defend hedonism, which Socrates dismisses as the life of an oyster. For a further look at the differences between Socrates and his pupil Aristippus there is also Aristippus vs Socrates a dialogue between the two men from The Memorabilia of Xenophon. Dionysius the Renegade, also known as Dionysius of Heraclea, was a Stoic philosopher and pupil of Zeno of Citium who, late in life, abandoned Stoicism when he became afflicted by terrible eye pain. His story is recounted in Dionysius the Renegade. STOIC SIX PACK 6 THE CYRENAICS Aristippus Biographies by William Smith and Diogenes Laërtius. On the Contempt of Death by Marcus Tullius Cicero. Dionysius the Renegade by Diogenes Laërtius. Phaedo by Plato. Philebus by Plato Aristippus vs Socrates by Xenophon There is also an image gallery and a link to a free audio recording of Philebus.

Great series of writings. I have ordered every edition of the Stoic Six Pack and love reading them on my Kindle whenever I have free time. It's so nice to have so much wisdom on the go.

Great read. Great deal.

The first time I ordered a Stoic Six Pack, I was skeptical: how could the editors have put together so many great books in good translations? When I got the Kindle edition of my first Six Pack, I was hooked. If there are bargains left in the universe, the Stoic Six Packs and their cousin Six packs are surely among them. And you will be too. The Cyrenaics said, "What is the Good?" To find out, get this collection. This assortment, Stoic Six Pack 6 - The Cyrenaics: Aristippus, Dionysius the Renegade, On the Contempt of Death, Phaedo, Philebus and Socrates vs Aristippus (Illustrated) Kindle Edition by Marcus Tullius Cicero (Author), Diogenes Laërtius (Author), Plato (Author), William Smith (Author), Xenophon (Author), Henry Graham Dakyns (Translator), Benjamin Jowett (Translator), Charles Duke Yonge (Translator) contains the work of more luminaries than you could shake a quantum-mechanical stick at. Even if you, as I, have hard covers and trades of other translations of these mainstays of the development of ancient man's intellectual adventure, you'll want this set. (And, of course, the others -- since there are more gems still in the Stoic mines. This

compendium comes complete with an image gallery. But think about WHO is in here: All leading lights of the the Cyrenaics, an early Socratic school active between the fourth and third centuries BCE. Cyrenaics may not be the Stoics as you understand them today. These were hedonists who held that pleasure was life's greatest good -- particularly physical pleasure.... Do I have your attention now? Thought so. As for what else awaits, physical pleasures, which they thought more intense and more desirable than mental pleasures. Sustaining lifelong happiness through virtue was their passion. Do yourself a favor, if you haven't read all of these: get this six-pack and begin on a marvelous expedition that will be its own reward.

Another excellent Stoic Six Pack 6 - The Cyrenaics: Aristippus, Dionysius the Renegade, On the Contempt of Death, Phaedo, Philebus and Socrates vs Aristippus. Classics not to be missed! The authors are: Marcus Tullius Cicero (106 BC - 43 BC) was a Roman philosopher, Diogenes Laërtius (fl. c. 3rd century CE) was a biographer of the Greek philosophers. Plato (428/427 or 424/423 - 348/347 BC) was a philosopher and mathematician in Classical Greece. Sir William Smith (20 May 1813 - 7 October 1893) was an English lexicographer. Xenophon the Athenian was born 431 B.C. He was a pupil of Socrates. He marched with the Spartans. If you love historical classics, don't miss this Six Pack! Five out of five stars!

A brilliant deal for anyone interested in Latin and Greek Classics. I have not read them since school days and was astonished to find six great works by Cicero, Plato and Xenophon - together with some to me unknown philosophers - in such a bargain pack. Putting these six together works very well to illustrate what they were standing for. A feast for collectors.

Some great and famous pieces here from our classical masters: including, amongst others, the life of Aristippus, by Diogenes, who willingly indulged in sensual pleasure; Plato's account of Socrates's death, and his prior philosophical musings; and Cicero's own musings on death. This is a fantastic collection, with such epic and iconic writings brought together in one volume, enabling modern generations to taste, evaluate and cherish the thoughts and histories of those great 'ancients' who made us and our modern world what we are and have become.

Stoic philosophy flourished in Ancient Greece and Rome, yet it still seems relevant and useful today. These are uncertain times, and the philosophers offer compelling wisdom and advice for the ages. Inspiring and thought provoking. At 99c this is a real bargain.

Latin and Greek Classics at their best. I was excited to find this collection, with so many great orators, men of words and philosophers offering us their ancient yet still so relevant to our modern times wisdom. Completed with wonderful illustration, this collection is a must read for every lover of classics and ancient history.
