# Love's Encore

## Synopsis

In one reckless night, Camille Jameson's life was changed forever: a tall, handsome stranger, an evening of romance -- and enough regrets to last a lifetime. Two years later, Camille is a successful interior decorator with the opportunity to restore one of Mississippi's proudest plantations. She arrives excited and eager to face her greatest professional challenge to date -- until Zack Prescott saunters through the mansion's front door and back into her life. He is exactly as she remembers, except for the knowing look in his eyes that reminds her of what they once shared. Now, forced to live in unbearably close quarters, Camille and Zack will discover if they have the courage to face the past -- and, perhaps, build a future together.

3.5 Stars  
By now you must know that one of my recent favorite authors is Sandra Brown. This is my 17th book by her. I have read a variety of her books; old and new and for me my favorite. Love's Encore is a romance novel and was originally published back in the early 1980s so you have to get yourself in that mindset when you start reading it. There is something to be said about the way romance novels were written thirty years ago. It wasn't graphic or over done. It was just as inviting and sexual. Sandra Brown writes in a way that she allures you in, creates a level of anticipation and then allows for your imagination to take over. Camille is hired by Rayburn Prescott to renovate his beautiful home in Natchez, Mississippi. It is her dream job and she couldn't wait to get started. What she doesn't realize is that she will be coming face to face with the one man that ruined her for all others and is the one even after two years she craves. The past that they share has left them each in a tailspin of their own. On the outside, neither appears happy about having to spend time together but for the happiness of his father Zack will do whatever he has to and Camille can't turn her back on the job. Zack has never confided in anyone about that weekend two years ago. The time he spent with this girl who got under his skin and one that he would never get out of his system. The way things ended left him angry and confused. But it wasn't any easier for Camille. What they shared was something that she would never forget but it was also something left her feeling ashamed. Camille and Zack continue to try and resist these feelings that have resurfaced, feelings that are laced with hurt, confusion and desire. But when Rayburn realizes what is going on between these two he takes matters into his own hands. But will it be enough to heal the hurt that neither Zack nor Camille can shake. Overall I enjoyed this one. It had all the SB trademark writing but I felt that there was too much back and forth with Zack and Camille. I loved the anticipation, the sexual tension and the challenges they faced, but I was getting whiplash with the back and forth with these two. In the end I was happy. So all is good!!

\*If you enjoy reading a great love story, than you will not be disappointed with Sandra Brown's very first book entitled "Love's Encore"..... For two years, young Camille Jameson has been trying to

carry on with her life and trying desperately to forget her past. Having her heart broken by some stranger on a crazy ski trip two years before, she does the next best thing, by burying herself into her work. Now going into the decorating business with her mother, she is thrilled when a gentle old southern gentleman by the name of Rayburn Prescott hired her to restore his run-down mansion. Not only will this restoration help their business but it will help her career in her future as well. When she arrived, she is in awe of the beauty it holds and even the name of the mansion is perfect "Bridal Wreath". However, nothing could prepare her for the uninvited guest that showed up being Mr. Zachary Prescott in the flesh. Mr. Prescott's son and once the love of her life that she first met a lifetime ago on a certain ski trip. Stunned, either one of them knew what to say or what to do except show anger, frustration and humiliation for the other. One thing was for sure though, Zach still had this power over her and Camille didn't know how to handle it. Should she walk away or do the job? She needed this but could she stay? Since she had gotten there, all they did was to show resentment towards each other. Why? What happened on this ski trip? Now poor Rayburn is ill and in the hospital and all Camille can think about is getting the restoration completed before he is released. Can she do it? She has to! Being around Zach is destroying her bit by bit and poor Zach is feeling the same way about her. Only time can tell because both of them will soon be facing obstacles that they will not be prepared to face alone. Will they ever get back together again especially after spending two wonderful nights together so long ago only to let true love slip right through their fingers or were they both doomed from the start?.....a powerful love story by Sandra Brown at her finest! .....ÃfÂçÃ â,,çÃ ÂjÃfÂçÃ â,,çÃ Âjthank you

I first read this book when it first came out many years ago. It was so good I had to read it again. The twist and turns in the book is so good. You can't put it down. Sandra Brown never disappoints.

Camille is young but old fashioned in her ways. I really like that and wish more women would feel the same way about themselves. Zack is handsome and believed to be very carefree in his life, including his romantic life. But there is another side to Zack. He truly loves his father and would do anything to please him. Zack and Camille come together in a bit of an unusual way but you will fall in love with them and how their story plays out.

okay

This book was kinda boring for Sandra Brown. I think it should've been longer. Pretty much when

they acknowledged their feelings for each other it was over. So I was disappointed.

Sandra Brown is my favorite author. She is very descriptive of her characters, when they walk into a room you know what the room looks like. You know the time of year, the weather, the car they drive, what they are wearing. This was the first book she published, kind of slow at times but held my attention. I hate when people write reviews and give the story away so I DON'T in my reviews of what I read. This book is a good love story, not as good as her later books but a start to a great career!

Their unknown love for each other was frustrating, every character was outstanding! Every couple should be so much in love.
