Customer Reviews

I bought this as a gift for my nephew. I was embarrassed by its poor quality and generic illustration. It even has an half story in the back as an advertisement to buy other books. The story line was not interesting, not even for a 2 year old

Cute for little kids :)

It was a purchased for my 2.5 year old son. He loves it. We are trying to introduce him to the language and it's great that it reflects body parts and activities that toddlers do. Although, it does not have a pronunciation key, I'm sure that can be remedied by using translation tools.

Good book for babies. Mine is almost 2 and she enjoys this book.
