"Morgan demonstrates the beauty and versatility of ripple stitches in this colorful guide...Stitch guides are popular with crocheters who enjoy designing their own projects, and this collection, which includes both motifs crocheted in the round and row-based stitches, has plenty of appeal."

LEONIE MORGAN is a freelance crochet and knitting designer. Inspired at an early age by her mother's granny blanket, she taught herself how to knit and crochet from various books and hand-me-down knowledge. She is the author of 100 Colorful Granny Squares to Crochet and lives in Wales with a wool-tolerant partner and three wool-loving cats.

There are so many ways to vary ripples besides the "old reliables," and this book magnifies the fun.

Leonie Morgan's books are my favorites of all crochet designers, they are easy to follow, the color patterns are original so making new afghans, clothing, or other crochet projects is a breeze. Leonie has only been crocheting a few years and her ideas and techniques gave me the inspiration I needed to learn to crochet.

I was looking for variations of the ripple stitch patterns. I have done basic chevrons in afghans for years . This book has shown different ways to do the same thing as well as color combinations I had not thought of. A colorful and fun book.

I have made three patterns from this book so far and LOVE almost every one of them, The patterns are well written easy to follow and understand the color ideas are also nice and well thought out.

Wave patterns are wave patterns are wave patterns. NOT. Easy to follow directions, many distinct patterns, great color suggestions.

Love it! The book has clear text instructions with excellent visuals. I classify this book as a reference. In addition to the 100 ripple designs, the content includes sections about: materials, stitches and techniques, chart symbols, and gauge. Just enough information to activate your creativity without being overwhelming. Kudos to the designer, Leonie Morgan and those involved in creating this book. Well done.

Book arrived promptly. And I was totally amazed that this book looks brand-new even though sold as "used." Very high quality book. And the owner of the business sent me a lovely note too. Very impressed with the service and product quality. This is a wonderful book. The author has included so many beautiful ripple stitches that I've never seen before. (And I have a lot of crochet ripple books). It's always fun to find new patterns to try out. And the ripple color schemes are outstanding. I've checked this book out of my library so many times, that they finally told me to buy my own!! Just kidding.

Beautiful colors and easy patterns to follow. Nice to have how to create all the stitches illustrated as well. Going to have many happy hours crocheting these afghans as gifts from family and friends!
