Customer Reviews

Excellent. All info up to date.

Everything came in on time and I had it when I needed it I was just really disappointed that I spent the money I did to get a book that the front cover was messed up. I just feel I bought a new book for a reason.

Arrived in good condition. All the knowledge I needed to know for my course

Needed for school and it was perfect

This book arrived in new condition just like the description stated. No complaints!

needed.

I use this manual for school studies and practice for coding and it really serves its purpose. Really like this manual.

My wife also used this book for her Medical Coding class together with CPT book. This helped her with coding medical diagnosis. What really stands out is the detailed information that this book presents in each section making it easy to understand.
