Mattimeo: Redwall, Book 3

Synopsis

In the magnificent tradition of *Watership Down*, an extraordinary tale of courageous adventure -- from the author of *Redwall* and *Mossflower*. In the summer of the Golden Plain, the cunning fox, Slagar the cruel, and his evil henchmen sneak into Redwall Abbey to kidnap the woodland children -- including Mattimeo, son of the great warrior mouse Matthias. Now Matthias and a handful of brave followers must abandon their home to the mercy of General Ironbeak's invading ravens in order to rescue their stolen little ones. But on the road to a dread kingdom and certain slavery, an unexpected hero will be born -- and the captive mouse-child Mattimeo will prove himself worthy at last to wield the sword of his illustrious father. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

I bought the first 3 books in the series as a gift to a friend for to read with her grand kids. Our family loved the Redwall series back in the 1990s. We started in about 2nd or 3rd grade as read-to books. Very imaginative characters. This is a great way to learn about Medieval times using personification of animals as the characters. Great vocabulary builder. Soon became read alone books for my son, but we still enjoyed reading aloud together as a family due to the engaging story and memorable characters who move forward into the next book. (Violence refers to battles of animal groups - done with a Medieval Times theme.)

We are reading through this book series one at the time. We love them and cannot put them down. The writer does a great job of getting you involved with the characters and makes the food sound delicious. It is a bit disorienting when you switch to the next book, the writer jumps around, a lot, in the time lines.

This book is about a young mouse warrior. The violence in it is animals fighting animals--good vs. bad. The 'sexual content' is a shy little animal with a crush on another shy little animal. Nothing graphic, only holding paws! The book is a quest and story about how parent animals leave their peaceful home to try to find their youngsters (the young warrior mouse and his friends) who have been snatched by "slaver" rats. The young ones are intelligent enough to plot how to escape, the parents are wise enough to follow the trail until they find their young ones, have a grand battle with the bad rats and rescue their young ones. The book ends with peace restored and the good animals win! Cute descriptive writing. Love that good wins over bad in the end!

I really liked this Redwall book. But in my opinion it started out slightly slower, although that is redeemed because it gets a faster pace in the end part. As always the food descriptions are riveting and the riddles are super fun. I LOVED seeing Cornflower's more awesome and kickbutt side in this novel.

MY TRIPLETS ARE 22 NOW AND EACH SEPARATELY WANT TO GIFT YOUNG ONES WITH THIS WHOLE SET THEY HAVE SENT THEM AS FAR FROM TEXAS AS PORTUGAL AND AUSTRALIA. THE STORY IS GREAT TO CUDDLE UP AND READ WITH DIFFERENT VOICES

My son adores the Redwall series. I'm having to buy every one of them. Each time thinking, "This will be the last one, he's going to grow tired of them." It's not happening. He loves this series.

This series is the best read I have found in the last 15 or 20 years! It has drama, it has suspense, it has action, it has sadness, it has happiness, it has humor, there are so many things that this book has going for it! Yes it may be classified as a children's book, but I am not the only adult to read & enjoy & be hooked on this series of books. From page one, it grabs your attention & it never lets go till the end...but then it is really not the end because when you begin to read the next book, it too, gets you hooked from Page 1. I highly recommend this book & the series (22 books in all) to anyone, adult or younger, who likes a great story of how the hero saves the day with his charm, his humor &

his bravery.

Brian Jacques is a genius and his books are all fabulous! Start from the beginning with your kids and read them all!
