Business Organizations: Cases And Materials (University Casebook)

Synopsis

The Unabridged Eleventh Edition offers detailed information on corporate law and covers new principal cases, text, and explanatory materials designed to illustrate the development of corporate law. In preparing this edition, Professors Eisenberg and Cox reviewed all the principal cases and, where appropriate, re-edited them to tighten the writing while preserving a full-bodied presentation of the facts and discussion.

Customer Reviews

The entity that put out this book was not competent nor diligent. This book is full of errors. Even the law review articles (throughout this book) have errors, which is curious because the articles did not come out of a law review editing session with those misspellings and missing punctuation. It was so distracting to read the lengthy assignments because the typos were literally everywhere. The cases randomly add parties, or delete parties to the lawsuit changing the entire analysis. If you turned in an assignment to your professor with as many typos as you'll find in each and every reading assignment your grade would suffer.

the binding is loose and shakes. I am worried that it won't stay together the whole semester. It has multiple highlights throughout the book. I think maybe 2 1/2 stars. I rounded up.

I CANNOT believe that anyone could sell this product. I am in disbelief that I could be charged for

this utterly useless text. I have never seen a more illegible book, there are Chinese characters written over every word and it's nearly impossible to read through the ink. There are unintelligible scribbles in all the margins, and every line is underlined in jagged blue ink. This product was an absolute rip off.

It's not exciting, but it contains a lot of cases and material. Useful but I agree with the other reviewers: it could have been clearer.

It was delivered all chewed up in the corner.

The box arrived in the allotted time, it is good quality

It's ok, serves its purpose. I would use a supplement with this one just in case.

It's really good shape.
