Synopsis

For the 2 million monthly followers of powerhouse wedding blog StyleMePretty.com, the major mainstream hit with serious indie cred (think Domino meets Etsy meets Martha Stewart Weddings), and for all brides looking for fresh new inspiration, editor in chief Abby Larson offers an eagerly awaited, entirely unique, and gorgeously photo-rich wedding resource. Joyful, love-filled weddings are created with the details that make the couple unique. Style Me Pretty has become a go-to destination for planning your own ecstatic wedding. Now, the founder of this beloved site, Abby Larson, offers this gorgeous resource, which includes: A step-by-step guide to determining your couple style, gathering inspiration, and threading it through each element of the celebration A 17 never-before-seen Real-Life Weddings with details on all their special and handcrafted touches, and advice from the brides A 5 Style Blueprints to help you custom-craft your own Classic, Rustic, Whimsical, Modern, or Al Fresco wedding, from paper goods to the cake A 15 Do It Yourself projects, such as glittered vases, linen favor bags, and dip-dyed ombre napkins Full of lively and oh-so-lovely ideas, and more than 250 photographs, this swoonworthy volume will help you distill the wide world of wedding inspiration into the most meaningful, utterly original day you can imagine.

ABBY LARSON founded StyleMePretty.com in 2007. It has become one of the most popular wedding websites and has been featured in the Wall Street Journal, the New York Times, and on CBS Sunday Morning. Abby has guest blogged for the Huffington Post and Glamour.

Love this book for the visuals but sometimes it felt like planning a soiree like this wasn’t for the budget conscious. Beautiful ideas and presentation but some of these don’t seem feasible for those looking to have a great party without spending a small fortune. It definitely follows the visual identity of its parent blog, Style Me Pretty.

Great book and the cover picture is what got me. Was looking at this for my wife for our wedding. Had a great selection of pictures and helped us with choosing the flowers we wanted to go with on our wedding day. If you are getting married its a great book to have.

very interesting ! a lot of ideas for different style of weddings !

Great book! Worth every penny. Nice picture, great advice and realistic for the bride on the budget. I am an event planner and I gave this to a bride I was working with and she loved it.

I had noted this book in the library and planned to buy it for my son and future daughter-in-law because it is very creative and fun to read. The only problem I had with this purchase was that it took a MONTH to get to me, completely missing the engagement party, Christmas, and even New Year’s... so the gift was a little belated!

Pure genius. Classy. Informative. Enough to excite and inspire anyone planning a wedding or just interested in pretty things. I just love anything and everything Style Me Pretty and this book is no different. I'm so happy I bought it!

If you're a fan of the website, then you'll be a fan of the book. Simply beautiful pictures and adorable ideas. My fiancée and I went through the whole thing the day I got it and got inspired by quite a few ideas/themes. And after the wedding it'll still be a beautiful coffee table book.

Bought this as a gift for my wedding planner friend after she helped us with some of our wedding details. It's a gorgeous book, I love it! May get one for myself!
