PreS-Gr 2 "Brosgol incorporates folktale elements in her amusing story of an old woman in search of a quiet place to knit. Fleeing her too small house overrun with too many energetic grandchildren, she packs her needles and yarn and heads for the mountains. Unfortunately, she can't find an undisturbed spot. Hungry bears, curious mountain goats, and little green moon-men provoke her to shout: "Leave me alone!" Climbing through a wormhole, she discovers a dark and quiet place to

complete 30 little sweaters. Then she crawls through a wormhole that leads to her house, where 30 grandchildren rush to meet her. Peasant clothing, wooden houses, and village scenes create a setting reminiscent of the Brothers Grimm or of Fiddler on the Roof. The humorous illustrations depict the determined woman knitting in improbable circumstances as she climbs ever higher. A huge bear looms above her, curious "about what she might taste like." Mountain goats frolic with balls of yarn they consider tasty snacks. Green creatures investigate the woman with handheld scanners while she sits on a chair-shaped moon rock. Brosgol is a master of facial expressions, using eyes, mouth, and forehead lines to indicate the old woman's thoughts and emotions.

**VERDICT** This offbeat tale will please readers who appreciate subtle humor, especially those who crave some time alone. A good choice for collections needing to bolster their supply of humorous titles. —Kathy Piehl, Minnesota State University Library, Mankato

Colorful and fun, Leave Me Alone! will be a good addition to any bookshelf, especially for children who like to shout along. • The New York Times Book Review • Displaying a firm command of the picture book format and a strong sense of comic timing, Leave Me Alone! Understatedly funny, just like the Eastern European folk tales on whose shoulders it stands. • Kirkus Reviews • An impressive picture book debut . . . I absolutely ADORE this book, and am so glad I happened across it!While any knitter (or mom) can relate to the heroine’s plight, I wish I could warp through space and give Vera Bristol a huge hug! Three weeks ago, before the book was published, the eldest of my thirteen children was hosting a party for my 50th birthday, requesting that gifts be directed toward sending me away for some alone-time, to knit or do whatever I wanted without being bothered.When I heard Ms. Bristol interviewed on the KnitPicks Podcast, I had to stop in my tracks and order the book --quick-- for my daughter’s birthday. Now, after requiring that each of my at-home kids read the story aloud, I’m back at to order two more copies.THANK YOU for writing my life story!

Anya’s Ghost was a favorite book of my daughters’. They loved it so much I had to get this one when it came out. The illustrations are adorable and the story is just super cute. Being a knitter with a lot of people around... I relate. Though, I bet even non-knitters would be able to relate. Super cute.

Unexpectedly quirky, it’s well illustrated and well written. I’m a preschool teacher and I read a lot of children’s books. This isn’t one of those that annoys you if you have to read it a bunch of times. Funny for adults and kids.

Reminds me of myself! Never get any knitting projects done because there’s always something else going on. This is what the main character discovers, in a funny way, but when she does get her wish, it’s not as wonderful as she had expected.

We did have fun when I was reading this story to my granddaughter. She is 8 and is very interesting in knitting process, so I am teaching her to knit, and she enjoy that a lot. I am also a knitwear designer, so gets some inspiration from my work, too. So, needless to say that we had a wonderful time reading this book!

Funny book to read grandchildren if you knit

My grandson went around the house in a mocking way saying "leave me alone!!!!" He enjoyed the book...finds the name funny. He is 4.

My grandsons love this book!
