# Sports Illustrated Basketball's Greatest

## Synopsis

Who's the greatest center of all time, Wilt Chamberlain or Kareem Abdul-Jabbar? Where does Shaquille O'Neal land in the rankings? Would you pick Tim Duncan or Charles Barkley as the better power forward? Who's your best Sixth Man? Where does LeBron James rank among small forwards? Sports Illustrated has polled its basketball experts, including Jack McCallum, Chris Ballard, Alexander Wolff, Lee Jenkins, Ian Thomsen, Chris Mannix, and Mark Bechtel, to determine the Top 10 in more than 20 categories. The rankings appear alongside stunning photography and classic stories from SI's archives. This is the best of the best in the NBA, or, more simply, Basketball's Greatest.

Sports Illustrated (SI), the most respected voice in sports journalism, is a multimedia sports brand that takes the consumer into the heart and soul of sports. It reaches a weekly audience of nearly 21 million adults, and SI.com, the magazine's 24/7 sports news website delivers more than 150 original stories each week.

Good book with lots of great pictures of these players, but I wish they would go more in depth with their explanations of each pick. Often times its just a quote from someone about the player that hardly explains why they made that spot. For example I'd like to know why they picked Scottie Pippen at 4 over Hondo, Baylor and Barry. Most people wouldn't put Pippen over those 3 guys. And they have a section on great defenders without a mention of Ben Wallace? hmm. a 4 time defensive

player of the year gets missed? Magic more clutch than West? thats debatable, I guess. Overall nice book tho.

If you're a fan of the game...this is it!! great book . And it's better when you see your team named in multiple categories as one of the Greatest in Basketball.

This is a really nice book!! I got it for my 10 year-old nephew for his birthday next month. I am sure he will be so pleased with this book. It looks and feels like a collector's item. I do agree that the cover on the book should be made of something other than paper, but for a hard back and large book like this, I can definitely look over that!

Bought this for my 11-year-old son, and frankly I'm tired of seeing it all over the house, as he keeps re-reading it 8 months after it was purchased. Beautiful, heavy book.

Bought as a gift - I thought it a beautiful coffee table book.

Most have book for any NBA basketball fan. Photos are excellent. Not much reading thou.

This book is a bottomless fountain of basketball knowledge. Any imaginable category of basketball is in this book in a top-ten style list. Only thing is there is no mention of Tracy McGrady anywhere - the greatest injury-plagued player of all time. ("Top Injury-Plagued Players" is not actually a list, so maybe "any imaginable category of basketball" was a bit of a hyperbole - sorry! Still a great book.)

This is an awesome coffee table style book with plenty of photos and easy reading. Any adult or child would enjoy this one way or another and it is great for nostalgia and of course creating debated among your sports fans/friends!
