The Fuccubus (Caverns And Creatures)

Synopsis

It's the time-honored classic formula. Boy meets girl. Girl invites boy, and four other dudes, back to her place. Boy thinks it's weird, but agrees because girl is smokin' hot. Girl turns out to be a demon who wants to suck boys' souls out through their dicks.

Customer Reviews

*If you couldn't tell by the title, there's some cursing and sex in this one.*What happens when a female elf shows interest in Cooper, the offensive orc barbarian of the group? Of course it turns out to be a demonic woman only interested in devouring the groups souls. It's fun to see how the group gets out of this one making as many sex jokes as possible along the way.Score: 7 out of 10.

Yet another short story with our favorite crew of misfits. Glad there are still stories to tell about them!

These short stories are the best way to be introduced to the world of C&C and the author's writing style and personality. Always have a good laugh while reading these stories. Highly recommend you read all the other books in this series as well. You won't be sorry!

My goodness I love the one liner slash dirty humor that's makes this team of retard rejects great. Horses, sex orgies, and toilet humor make these books golden every time.

He pulls me back in! I very much enjoyed this one. Lots of laughs and entertainment for less than a buck.

I was hoping for another 30-40 pages of sarcasm and satire set in the world of C&C, and Bevan didn't disappoint.

Robert is a great writer and has a twisted sense of humor like me. Can not wait to read more of his stuff

After you've read the title for Bevan's latest entry into the canon of Failure, I kinda feel like a review/synopsis is redundant: you know what you're getting. Is it filled with laugh-out-loud moments? Yes. Does it make jokes about the capaciousness of Dave's mum's reproductive organs? Of course it does: re-read the title. If the world were to end in fiery conflagration tomorrow would I be satisfied that this was the last piece of literature I ever read? Absolutely: best choice I could make.

Robert Bevan does it again with his latest short story in the Caverns & Creatures universe. Lots of fun in this tale of what happens when you meet the "wrong type of woman" in a bar.
