Hilarious little book! love it!

Very cute and humorous. My mother enjoyed the book, and laughed about it with her friends. Would definitely recommend this to anyone looking for a 50th birthday gift for a friend or family member with a good sense of humor.

This will be the talk of the party, a surprise 50th birthday party for my daughter. Thank you so much

lame

Delivered quickly - great secondary gift for a major plateau birthday.

Bought this as a gag gift for a good friend who turned 50. While at his party, we passed the book around and different groups of people found different passages that caused lots of laughter. Not sure if the laughter was book induced or beer induced but either way, it was the hit of the party!

This book is TINY! I should have checked the dimensions before ordering, but I never expected it. And, it took WAY TOO LONG to ship! Does have some cute sayings in large type.

Not funny at all
