You know James McNair, even if you think you don't....He's sold nearly as many cookbooks as the ubiquitous Martha Stewart. Los Angeles Times --This text refers to an out of print or unavailable edition of this title.

James McNair -- one of America's most innovative cookbook authors -- is also the photographic designer, prop and food stylist, and book designer for his bestselling single-subject series. --This text refers to an out of print or unavailable edition of this title.

James McNair's cookbooks are all stellar. Tasty recipes, beautifully presented and easy to prepare. He excels at finding the best way to showcase an ingredient or type of meal. Look at all of his books, they are all great.

I ordered this book because I often have weekend guests, and I was hoping to find some new ideas. This book is it!!! I have already tried some of the recipes and they come out just as they should.

The breakfast cookbook is loaded with wonderful recipes and pictures. It has wonderful suggestions for company breakfasts that will be beautiful to look at as well as eat.

Hands down the best waffle recipe I've ever come across--nothing like it.

I enjoy this book; it has easy and fantastic recipes; I recommend it highly! I made the waffles recently and they were a big success.

Every page of this book is covered with delicious recipes and gorgeous food photography. I plan to gain a good 30 pounds as I cook my way through this decadent book, but I can't imagine a better way to start the day than with a tasty treat from the mind of James McNair.

I bought this as a gift for a nephew because they enjoyed the baked pancakes recipe in the book. We've had ours for a long time and thoroughly enjoy it. Barbara Spencer (Reading Lady)

This is one of my all time favorite breakfast books. I have owned this book for years- and the waffle recipe is our family favorite.
