## Customer Reviews

A must for remembering how to play the viola..

My daughter's middle school teacher had us order this book. She has been using it, along with the whole class. It is a great series of books. The songs are perfect for her level and she enjoys learning them.

I don't know if I read something wrong, or if I just received the wrong book, but I figured this was the FIRST book when I received the THIRD book....so be aware of that that this is either just a mash-up of books & you'll randomly get any level sent to you. Either way I am glad I at least got the right

instrument & once I get up to this level it will definitely be of great use.

While I'm not quite ready for intermediate songs, the book has nice instructions and selection of music.

Great for step-by-step introduction to positions and follow-up to Essential Elements Books 1 and 2.

Use this book to learn - very good
