## Customer Reviews

My husband and I are both from Maine but moved away. I purchased this a few years ago to help educate my son about where his family is from. I just love this book. At three and a half, he enjoys the letter and rhyme on each page. The pictures are very nice as well. It will be in his reading

roation for a while since it also gives further information / history / interesting facts on each page in addition to the letter and rhyme. This info and way it is written is geared towards an older child. The only thing I don't care for is that some of the rhymes are awkward and don't flow well.

"L is for Lobster" is a wonderful book with great illustrations. I would recommend this book to anyone looking for a good children's book related to Maine. I bought this book because I live in Maine and as a preschool teacher an "I Live in Maine" theme has been, and will continue to be, a theme that is incorporated into the curriculum. Along with a simple description of each letter of the alphabet, there is also a more detailed description. I like the option of reading the simple descriptions or being able to go into more detail.

We bought this book for our trip to Maine The whole family found interesting facts and wonderful pictures. There is text geared to mature people - like even some adults - and, of course, the simple alphabet for the tots. We learned things about Maine we never knew and we've been going there for more than decade. Heck - our relatives who LIVE there grabbed the book. After all - Maine is WAY more than just lobsters. I'd recommend this children's book to any family interested in learning more about the great State of Maine. We plan on buying others in this series.

Beautiful book. Once our daughter is old enough for books with pages (instead of board books) we'll get more in the series!

Cute book. Delivered quickly

Great

I have 2 grandchildren that don't live in the state of Maine. This book talks all about our state with great illustrations. I want my grandchildren to know about where their parents came from as they will have many visits to our great state.
