## Customer Reviews

Overall this book is fine. I purchased for a trip I'll be making with a 9yo (3rd grade) through parts of the SW. This book covers only 4 states: Arizona, New Mexico, Texas, and Oklahoma. The book is smaller and a flexible paperback - this will be good to pack for travel. They did a good job of packing in pictures and text, but with limited room it looks more like a child's textbook, and not as fun as I was hoping it to look. I'm pretty sure my child will enjoy reading it, however. I gave only 3 stars as I was hoping for a little more information and was unable to see ahead of time which states or exact area it covered. I had been hoping it would cover a little more, or provide a little more detail for the kids to read. As it is, it is more of a jumping off point for topics and merely provides a simplistic overview.

I bought this book to accompany a lesson that I will be teaching at a homeschool co-op. Great little resource!

Matches text used on True Flix! Awesomeness!

Great book for young students
