A A Although you may be single or married, I offer these words to you as I would do my beloved. A A We may never meet, but I want to give you the opportunity to feel your heart through mine. For years, I have taught workshops around the world, opening with women and men while

they share their deepest heart \tilde{A} ¢ \hat{a} $\neg \hat{a}$,¢s desires. \tilde{A} \hat{A} It seems we often come to know ourselves most deeply through the heart of someone who loves us, who is willing to open and see us as we truly are, who is willing to listen and feel our heart A¢â ¬â, ¢s yearning. To give and receive love fully $\tilde{A}\phi \hat{a} - \hat{a}$ •this is our heart $\tilde{A}\phi \hat{a} - \hat{a}$, $\phi \hat{c}$ true desire, yours and mine. The yearning you feel in your heart is the same yearning that everyone feels. A By feeling your heart A¢a ¬a,¢s yearning through nine, I hope you will come to know yourself more deeply through the many hearts that have opened together in trust and allowed these words to emerge. All hearts want to open to God, or the boundless flow of divine love. A A You may or may not be a religious person, and still your heart years to open without bounds, to be seen and to be offered without limits. A A This is what I mean by ââ ¬Å"open to Godâ⠬•â⠬⠕to open and feel everything and everyoneââ ¬â,¢s heart as a divine expression of love. David DeidaAcknowledged as one of the most insightful and provocative teachers of our time, bestselling author David Deida continues to revolutionize the way that men and women grow spiritually and sexually. His ten books are published in more than twenty-five languages worldwide and are required reading in university, church, and spiritual center courses. His workshops on a radically practical spirituality have been hailed as among the most original and authentic contributions to the field of self-development currently available. He is a founding member of Integral Institute, and has taught and conducted research at the University of California-San Diego School of Medicine, University of California-Santa Cruz, San Jose State University, Lexington Institute in Boston, and Ecole Polytechnique in Paris, France. Some of his recent books include Blue Truth, The Enlightened Sex Manual, The Way of the Superior Man, and Instant Enlightenment.Ã

Beautifully written but in my opinion highly unrealistic. I love David's work and so I was surprised by the lack of instruction accompanying this work. This book seems to be written as a taste of what women could, or even should expect from a 'real man' without bridging the actual gap that exists between the ideal and the real. Knowing the amazing instructional and philosophical work this author is able to produce, I would only recommend this to 'seasoned Deida readers' or in combination with other work (i.e. maybe you don't want to read 'Dear Lover' first. Purchase it

together with another of Deida's books and read it after learning his take on relationship)

In all my years of voracious self help book reading, only a VERY few times have I ever felt transported to a new level of consciousness like I did by this book. Sort of like when I read A New Earth, You Can Heal Your Life, and The Four Agreements, I felt like everything in the book was a direct divine download. I could feel it's truth deep in my belly and heart. A very important work. An amazing read. A MUST read. I am so serious right now.

my girlfriend loves me to read these to her because it's things I would never think to say.

This is probably well meaning. Written from a first hand perspective of a man speaking to you as if you are his "lover". Very descriptive in it's intimate conversation. A little too much so for my taste. That being said.. I believe it's meant to help achieve the goal to help a woman better understand a man's way of thinking. It has been somewhat enlightening from that perspective.

Taught me a lot about myself as a young woman and how to navigate through these walls I have built to open myself up to a love I deserve. Recommended to all my female family members and friends!

It's good the more you read and understand the message. There's been a few things where I've busted out laughing because I just wasn't expecting "Fingernail in the ass". I also had to get over how often the word god is mentioned in this book. It arrived in good quality though.

Deida has a way with words...to say the least. It is almost like is has mastered the psyche of the woman and writes to seduce our minds. I must admit that reading his words is like indulging in a warm chocolate souffl $\hat{A}f\hat{A}\odot$ of thoughts.

This is a great book with provocative ideas I really want to learn. I'm about a quarter of the way through and the typos are distracting. For the love of all good and green things on this earth hire a proofreader. Please.
