Customer Reviews

Daughter Loves Daniel Tiger so I was excited to find a scratch and sniff book for her. We were a little disappointed. First, it is hard to see the stickers, which makes the book look great, but sometimes hard to show her where to sniff. Also their doesn't seem to be a wide variety of smells, and the ones that are there are very similar. In Conclusion: Enjoyable, good quality but missing the mark for me.

I gave this as a gift to a 2-year old boy, and his mama says he likes it so much that she had to memorize it so she could recite it to him while they're out and about!

the book is well written and tells a nice story. the smells are a little similar and some are a bit

tougher to pick out. However, my son enjoys reading this book many times

Daniel Tiger's Sweet Trip to the Bakery Scratch and Sniff book is wonderful!

My four year old son and I really enjoy this book. All of the scented spots were strong and recognizable. The book is brightly colored and a fun read.

Great purchase fast delivery

As advertised!

Book is very cute; scratch & sniff stickers smell like bananas.....which is fine. Except--my granddaughter is hugely allergic to bananas so I won't even chance giving it to her. The story is very sweet and just what you'd expect from Daniel Tiger. I do recommend it for young children....Just know about the bananas!
