## Customer Reviews

The SparkNotes have a different take on notes verse others. They have a little more analysis and background information per chapter. If you have to pick just one "note" reference it should be this one.

Helped my 9th grader with confusing aspects of the book. Glad we purchased this addition to the book.

A must for any high school student struggling with this book!

This came very quickly. It is the perfect review tool for studying.

This was a great resource to use while reading the book

Good synopsis

I've long since graduated high school. Having never read 1984, I was intrigued by the comparisons that were being made between the book and the current president. Scary but true. I was a little disappointed in the book and I want to see if I missed anything. I didn't miss anything and am now more scared...
