Customer Reviews

I Actually Received This FREE as a Kindle Download! FOR FREE IT'S GOOD. The electronic book has a fair amount of flash great for the beginning tattoo artist. However you can type in Google Search Tattoo Flash Images, & find tens of thousands FREE IMAGES. I always download FREE BOOKS FROM KINDLE THAT ARE INTERESTING TO ME. Knowing that if I don't like it I can delete it. Even at \$4 the regular price not bad for a beginner. There were some good useable images in it. Some not so good typical with ordered flash. Next it never hurts to have flash images in books. I personally do not like flash all over the wall it looks cheap. Clients can look thru images to get ideas combination of 2 or more images to make a unique piece. IMO Always have images you personally have drawn... This lets the client know you can do CREATE ORIGINAL WORK. See my other reviews for educational information on tattooing, Art, etc.. If this review has been helpful please

check the box YES This Review Has Been Helpful! Thanks..An electronic book is easily stored on a phone tablet lap top desk top. Easy to show clients... FOR THE HOME ARTIST Better IMO Since you do not have to carry books around.. See YouTube Channels , OG POPPY he has a video of his original work in binders for clients. See The Broken Puppet great channel for how to draw flash Images.Take Care, Bill Kearney

Minimal selection, crazy patterns.

Very helpful

Nice pics

I'd give a better rating if I was able to "read" the rest of it. Thus far, I've only been able to look at images of tattoos.

Alot of nice designs....not exactly what I was looking for but it was a great book as far as tattoo ideas
