The Joy Of Sex: The Ultimate Revised Edition

Synopsis

A revised and updated edition of the book famous for helping couples discover how sex can be playful, erotic, passionate, exhilarating, and most of all, pleasurable. The Joy of Sex revolutionized how we experience our sexuality. An international bestseller since it was first published in 1972, Dr. Alex Comfort's classic work dared to celebrate the joy of human physical intimacy with such authority and candor that a whole generation felt empowered to enjoy sex. Now fully updated, revised, and reillustrated, The Joy of Sex once again sets the standard as the world's most trusted sex manual. Substantial revisions from sex expert and relationship psychologist Susan Quilliam include new information on:

- Key scientific discoveries in the fields of psychology, physiology, and sexology
- The Internet and couple-friendly pornography
- The importance of sex to our growth as people and partners
- Maintaining a fulfilling sex life as we get older

Above all, The Joy of Sex emphasizes the importance of happy and healthy sexuality in our lives.

DR. ALEX COMFORT was one of the world’s leading experts in the field of human sexuality and one of the most versatile authors of the twentieth century. He died in March 2000 at the age of eighty. SUSAN QUILLIAM is a relationship psychologist and an advice columnist. She writes, broadcasts, and presents internationally on topics surrounding love and sexuality.

I classic, and deservedly so. Thoroughly updated by Susan Quilliam, who deserves credit as a coauthor. Beautifully illustrated. Pet peeve: talking about anal without talking about hygiene. Nagoski’s Come as You Are has lots more science and is a bit newer.

Times are changing and this book reflects the changes of the past 40 years or so

Great book that covers a lot of ideas/options that can enliven couples’ physical relationship and strengthen a feeling of shared confidence and loving.

Very informative- well written.

Great for all!
