Customer Reviews

Great for planning dinner parties. I usually use recipes as a jumping off point and then make them my own and this book is perfect for that. Lots of good ideas.

It is just okay. Not blow your socks off appetizers at all. A bit disappointed. I would not recommend this book if you are a more experienced home cook.

I was expecting some great and grand new ideas from this cookbook. I was disappointed. Sure it has lots of recipes but they seem to be what everyone puts out there, no unique ideas. It is okay just not what I was hoping for.

Wonderful book of appetizers, soups and snacks that are absolutely delicious! Lots of pictures which I love. Really enjoying this cookbook.

Great book. All kinds of appetizers. Sometimes this is the hardest thing to bring to a party - everybody brings the same thing. Not anymore.

This book was received in good shape. I like it , but it is not exactly what I expected. I thought there would be more practical every day appetizers to make.

Some of the recipes are a little hard to follow. But it gives a great variety of ideas for a new couple starting out who have no idea what to server other than chips and salsa.

I'm a cookbook junkie and this is a great one. I've made several appetizers out of it and always get lots of compliments and request to make more next time.
