Customer Reviews

I bought this as a gift for my sister for Christmas. She's an experienced flute player playing since middle school and she wanted something to keep her playing even though she doesn't get to as much as she'd like. She said she liked the different music and exercises they have to keep her interest.

THE best practice book out there!

Excellent book for flutist. It combines much of the standard Moyse and other's. I would highly recommend for ones library.

excellent book

As expected

Got a lot of good stuff in here!

This is an excellent collection of exercises for daily practice. Covers a range of scales and arpeggios that are a good fundamental basis for playing of any style.

Terrific book, I just wish I was as good as the book.
