In My Footsteps: A Cape Cod Travel Guide

Synopsis

Within the pages of this book are tours of select locations around the beautiful Cape Cod peninsula. The author and guide is a 12th generation Cape Codder. Readers are taken from one end of Cape Cod to the other, following succinct, clear directions, and provided with engaging information about each site along the way. There are many well-known attractions listed here, but also many less recognized spots that only locals would truly know and treasure. Popular beaches, historic homes, and lighthouses from Sandwich, around the Cape via Provincetown, Chatham, Falmouth, and back to Bourne are only part of what makes up Cape Cod, and this trip. This book goes deeper into the soul of Cape Cod. It will leave the reader and visitor feeling as if they are one with the land much as the author does. With all of the locations listed in geographical order, it is possible to walk, bike, and drive the Cape, seeing everything conveniently and simply.

Customer Reviews

Christopher Setterlund is a 12th generation Cape Codder with some famous names from the area decorating his family tree. His vivid descriptions and crisp photos help paint pictures for the reader, making them feel as if they are walking in his footsteps.

I am a native Cape Codder. This book is unlike any other travel guide I have seen. If you are interested in seeing the real Cape Cod, full of beauty and heritage, not just the commercialized tourist traps, then this book is exactly the guide you need. If you are from the Cape, or just have grown to know and love it over the years, this book will bring you even closer and may even include

a couple tidbits you didn't know. Simply wonderful book.

For me, this book is a coffee table book. It's too good to get buried on a shelf! This book is a must for anyone who has lived on, or dreams of visiting, Cape Cod. In an easy-to-read/easy-to-follow style, Setterlund strips away all the touristy commercialism that many may consider the characteristics of Cape Cod, and delivers up via text and photographs, the real "Cape," treasured by locals past and present. Whether you hope to visit the Cape in person or cozied up in an armchair, if you want the real deal, Setterlund's footsteps is definitely the way to go.

An excellent read, from the title to the last page! Not your typical travel guide, as Chris has meticulously researched museums, beaches and historic homes but then surprises us with a tale of Hallett's store in Yarmouth Port, both a museum and ice cream Shoppe since 1889. The progression from the west end of the Cape to Provincetown and back to Bourne gives the traveler a systematic route that one can follow with ease. I look forward to his NEXT book- on Cape restaurants no longer extant, complete with photos and time-honored recipes! He is a man of many talents, but one can easily see that writing is a TRUE passion!

I gave this book to my wife as an early Christmas present. She grew up on the Cape, and was thrilled to see so many places she loved growing up, but also some she's never visited. We look forward to exploring the Cape using this book as our guide.

Great product. Good reference and came in a timely manner.

The photos are beautiful and it's a nice addition to a collection, but I don't think it is a very useful guide. The Explorer's Guide is much better.

This made a great Christmas gift for those who like exploring Cape Cod. My Aunt loved it. Would definitely buy again

the way to go
