Minecraft 1.9: Brothers In Arms -- An Unofficial 1.9 Minecraft Adventure (Minecraft Secrets, Minecraft Guide, Minecraft Handbook, Minecraft Seeds, Minecraft Diary)

Synopsis

Minecraft 1.9 Combat Update Adventure! Check out a brief introduction to our hot, new adventure: “I was falling for what seemed like an eternity, my legs twitching all the way down as if they were trying to make me swim. I vaguely remember cutting full speed through the wispy clouds but I don’t recall landing, which must mean it didn’t actually hurt me at all. I woke up face down on what seemed like a beach, but it was the strangest beach I’ve ever seen in my life – the sand was orderly arranged throughout the beach and none of it was sticking to my clothes or skin. I pushed myself up on my feet and started exploring. Sheep were bleating on a nearby meadow and a single chicken was trying in vain to climb out of a shallow pool. In the distance I saw beautiful vistas, lazy meandering rivers and – are those lavafalls? Then it struck me – I’m inside Minecraft! An immense feeling of joy overwhelmed me as I started hopping around, punching trees and eyeing the nearby mountain where I would build my stronghold. It is going to be awesome, with a massive armored knight statue on top of it. “This is the best day of my life”, I thought as a squeaky voice came through the clouds: “Hey, wake up, wake up, hey wake up wake up” and ripped the world apart. The ease with which I was moving in the dream world just a few moments ago was suddenly shattered and I felt my real body, with all the weight of the real world concentrated on my eyelids. I moved them just so I can confirm my suspicions – it was my younger brother rocking my arm, interrupting my sweet dream with the terrible timing that younger siblings are wont to have. “What is it?” I said annoyed. “Minecraft 1.9 is out, yes it is, it just came out, I am already playing it, come on brother”, he blurted. I suddenly felt a new rush of energy in my body and jumped out of the bed. Now this is what happens when dreams come true. Combat Update ready! The new Minecraft 1.9 update, also known as the “Combat Update”, focuses on bringing challenge into encounters with various hostile mobs found inside the game: skeletons will now try to smartly outmaneuver you while baby zombies have become a veritable danger rather than just a nuisance. Also, this update enriches The End dimension with more content, adds new graphical elements to the interface, new potion, arrow and block types, shields and an off-hand slot while changing how brewing works. There is so much content here that it’s hard to make sense of it all by listing it, so let’s take a deep breath and jump right into it! | Take action, not now, but right now, and download this exciting Minecraft 1.9 Combat Update adventure!

It was a well written book, I should say. I do not play Minecraft nor I read anything about it. But when my little cousin ask me to purchase it, I tried. And when I started reading it, the book started to entertain me. Although there are terms that I cannot understand. I must say that this is such a great
