Zoe is a prolific author with multiple best sellers. This book is yet another example of that. She shares a lot of great stories, but what I find MOST helpful are the questions she asks at the end of each chapter. She helps you reflect on the lessons in each chapter by asking two questions at the end that help you apply the concepts she discusses to your actual life. I think it's a great way to write a personal development book. Get this book.

Zoe Mckey, is a writer with a great deal of Wisdom. I really like Zoe's distinction between Bravery and Courage. If we all became more courageous, the world would be a better place for everyone! I highly recommend this book! Leon Schmidt

Quick read with good examples to help motivate you to take steps to move you forward, even if it's just 1-2 steps, and renew your confidence.

Each chapter is about a topic and questions at the end of chapter to ask oneself. Interesting and helpful.
