Room Called Remember: Uncollected Pieces

Synopsis

A Room Called Remember brings together some of Buechner's finest writings on faith, love, and the power of words in the form of essays, addresses, and sermons. Here Buechner explores autobiography as theology, offers exhilarating reflections on biblical passages, and leads us into the "room called Remember," that "still room within us all where the past lives on as part of the present,...where with patience, with clarity, with quietness of heart, we remember consciously to remember the lives we have lived." --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

œ[Buechner is] one of our most original storytellers...[His] reader...feels as if he is being addressed in an extraordinarily personal way. Intimate, dignified and wryly humorous, Buechner's voice turns us into listeners. • (USA Today) œNo one is better than Buechner at intertwining the stuff of faith, the gritty details of life in the real world, and the witness of personal quest. • (Presbyterian Survey) œ[Buechner's] magnificent command of the English language will enlighten and enthrall. • (Bookstore Journal Bookstore Journal) --This text refers to the Paperback edition.

Sermons, lectures, and articles by one of today's finest writers and preachers. --This text refers to an out of print or unavailable edition of this title.

deep...reflective...gets me thinking...love it

This is a book I return to multiple times in my life for hope with regard to hard memories. Buechner leads the reader through graceful reflection and contemplation of the unseen pain so many of us carry. This book is not a fast read because of the rich and full use of language. Buechner writes in style and thought in a way that invites the reader to stay with him as the reader may make welcome application for the sake of healing memories.

Very beautifully written book. Lots of heart and thought was put into these writings. It offers a different perspective of spirituality and faith. Sometimes that's all you need is another perspective of the things you already know to be true. This author teaches in a calm manner that is very easy and entertaining to follow. It's a great book and I think it would make a great gift to yourself or someone you love.

Buechner is a wonderful writer. I've read nearly everything he has written and I've been impressed with each and every book. He writes deeply and movingly of the human condition with a Godly perspective.

I think this is a book of sermons and some, not all, are very poignant. He makes some points that I have thought of or read of before. If you are the religious student I think you would enjoy this.

When I first read something by Frederick Buechner, it was in a collection of many different writers. I was immediately drawn to his writing. I checked out several of his books from my library and found him consistently good. Perhaps it's because he frequently brings up questions and doubts that I have that makes me feel like he's speaking from his heart. I've bought this book both for myself and for others.

Everything just as advertised and in a timely manner.

A wonderful book to add to anyone's collection
