It's always nice to read another book from the Kurtherian world. This one focuses on the exploits of Stephen and Jennifer working to shut down the cruel and inhumane treatment of captive Wechselbalg. A few of our series favorites, Tom, ADAM, Nathan, Lance Reynolds, Marcus, William, Bobcat (and unending talk of beer) are present as well as a cameo from TQB herself. But, I suffered through this one. It became one tribulation after another. TQB and company have taken down powerful, world class vampires with less effort than it took with this one human villain, Hugo and his henchmen. The kicker is that there is nothing particularly tough or advanced about Hugo. In fact, even his computer systems are antiquated. But, somehow ADAM can't access his computers (as he's done in the past - even with the US President), can't access or control the buildings elevator's, can't access the wolves chip implants, can't override the doors, etc. Because of this, Stephen and company continue to have a hard time. First they can't get into the building, can't get to the next floors, fighting in this staircase and on that landing. When they're finally stuck on the 6th floor because they can't get the elevator to come to take them to the 8th floor, I finally lost it. I was done. I skimmed through the remainder, but without much interest. I guess I got spoiled with TQB heroes like Terry Henry and Tabitha kicking a\$\$ and taking names. So in a word, though it was an ok read and good to visit some of our favorite TQB world characters - it was tedious and I'm not sure I'll visit again.

Natalie Grey is FREAKING TALENTED. Absolutely love anything she writes! Pros: Great continuation of the Kurtherian universe. Characters you know and love. New characters. Action. B.A is in the book. Cons: There were some head scratching decisions made by Steven who is technically B.A.'s number two which is not what I expected from someone of his age/experience. It didn't feel like the Wechselbalg's or the vampires ever fully used their powers. Overall a GREAT read.

I really liked Bellatrix, so I was looking forward to this book. Spoiler! I did enjoy it however I really hate cliff hangers. That was really my only complaint.

This series is highly recommended! The characters are great and the stories are also. I really wish I started this series later so I would not have so much of a wait til the next book...

Hugo's long winded holier than thou rants made me want to slap him out of his shoes, which he can keep cause they won't be Louis Vuitton's. I was really hoping Hugo would be dead by the last page but since I have to wait till the next book could Steven please go all Vlad the impaler on his arse

I was curious how this arc was going to look, and it looks great! I'm still very curious as why Stephen is not in the current KG main arc. Now I have an idea as to why Stephen and Jennifer aren't mentioned. Love the action sequences. Looking forward to the next few books.

This book shows just how deep the TKG universe can go. It is a great read and you will like it. BUY THIS BOOK!

The Kurtherian Gambit is my all time favorite book series. I love being introduced to the new characters in this book. Awesome! Please hurry with the next. Hopefully you don't have to sleep or anything beyond writing!
