Gilded Cage

Synopsis

Could an average woman survive being kidnapped and sexually tortured and teased? A case of mistaken identity causes Faith Whittaker to become such a woman, captured and held by powerful drug lord Cordero "El Diablo" De La Fuente, subject to the painful whims of his twisted pleasures. What will happen to her when he discovers she isn't who he thought she was? Follow Faith's dangerous journey of agony and ecstasy, and the awakening of her darker desires at the hands of a complete stranger, trapped in her gilded cage. Warning: This story is dark and contains explicit sex, harsh punishments and BDSM elements. If you are looking for a wine and roses romance, this won't fit that description. Note from publisher: Gilded Cage was originally published in 2010 & this is a re-released version.

Suspense

Customer Reviews

A short story of kidnapping, severe punishments, and extreme sexual pleasures. The story of Faith and Cord is a BDSM story & there is a good story behind the sex and punishments

and enough development of the characters to help you understand them, even if what is happening in the story is sometimes beyond the taste of some of us.

Carolyn Faulkner can pen some disturbing tales of erotic horror; some are created in a dystopian world, but this time, it is modern day, Columbia, South America. The details will leave your shuddering as Faith endures torture at the hand of The Devil. If you are looking for a sweet, happy story, this is not it. I will be the first to say this is not an easy story to read; it is dark erotic horror, sadomasochistic, not love, but being possessed by an individual purely for their pleasure, no matter how depraved it may be. Faith was kidnapped, abused, raped, dominated, punished and then he controlled her. The story took me out of my comfort zone, and it is not easy to read of the horrors that Faith will endure at the hands of a drug lord, Cordero "El Diablo" De La Fuente. What starts out as a vacation of her dreams becomes a living nightmare, brought about by mistaken identity. Even when he learns that she is not the person they assumed, Cord keeps her for his sadistic pleasure. A place where he found that perfect balance between pain and pleasure, guiding her to it each time, unerringly. Where will it end for Faith? "With everything she's been put through in the weeks that she's been with him, bound and unbound, in pain and in ecstasy, this had been the most demeaning, most demoralizing thing he's done to her so far, and she was terrified that he intended to repeat the incident with some regularity."

I have a little bit of a love/hate relationship with this book. It is dark. However, the book is so well written that I enjoyed it a lot. It does involve kidnapping and dub consent, so be warned.

I'm not sure how to go about this review, I have read other stories of her that were really good. This was a good story of kidnapping and all that, I'm just not sure what I didn't care for.

A little surprised at the ending but overall an okay read

Definitely worth the reread

5* I'd give it more stars if I could. I loved this story, and am already planning on re-reading it. It's just got everything I love; all my fantasies were brought together here, in this one book. There is an gorgeous, dirty, bad, tough, strong,

never-changing and kinky as hell, Alp; swoon. Pretty heroine (who quickly becomes beautiful in the eyes of the man who is beholding her), who is strong but deliciously pliant; who knows her own mind. She's no fool but no GI Jane either. Gilded Cage has a brilliant, believable and real story/plot. It has excellent writing; tight and lyrical; some beautiful pieces here to drool over too. The pace is fast and furious; never dull. At. All. Action and more action; pain and more pleasure. There's a kinda HEA for those like me who like one, although it's not as clean cut as I'd prefer. I'd love, love, love to know what happens next but Miss Faulkner has no time to write a sequel, as she's continually churning out these luscious stories for us. She's a one-woman-factory it seems; or maybe she has help?? I recommend this book to all those that love a bit of Non-Con, that turns into More-Please, and hurry up or you're going to die. I'm going to read more by this author, that's for sure.

This was a really good book that I wish was longer. In a case of mistaken identity Faith Whittaker was kidnapped in Colombia by a drug lord Cordero "El Diablo" De La Fuente his men thought that she was some Senator's daughter a Senator who wants to pass some bill about drugs. Faith tries to tell him who she is but he didn't believe her. Faith is beaten and raped by Cord and she realized that she like it. When he found out that she wasn't the Senator's daughter he didn't let her go or kill her. This book had some very good sex scenes in it and the one with the Tens machine was really good. Cord couldn't get enough of her she was a woman that took everything that he did to her. Faith knew that she had to get away from him although her body wanted to stay so she ran away and ran into the jungle of course Cord found her and instead of taking back to his house he lets her go. When she gets home Faith can't forget about Cord or the things that he did to her. He gives her money that she returned I would have kept it. I didn't like how the book left off it felt like a cliffhanger. This book was well written with no errors in grammar or spelling. I have read this author before and I am looking forward to reading more of her work
