Tone Vigeland: Jewelry - Objects - Sculpture (English And German Edition)

Synopsis

The first well-founded and richly illustrated presentation of Tone Vigeland's art jewellery and sculpture for over fifteen years. Spanning 50 years of creative work by one of Norway's most outstanding artists. Accompanies a retrospective at Die Neue Sammlung - The Design Museum, Munich (DE), in spring 2017. Scandinavian studio jewelry is simply unimaginable without Tone Vigeland (b.1938) and her work. Her distinctive objects flatter the human body and captivate through their dimensions and volume, yet they are assembled from the tiniest hand-crafted components. Tubes of silver wire, precisely cut plates, spheres and eyelets, all in small scale, are invisibly interconnected, and Vigeland's use of heavily oxidised, almost iron-black silver and steel is a typical feature. The result: art on the human body - highly aesthetic, perfectly executed and always wearable. Around 150 jewelry objects from 1958 to 2010 document Tone Vigeland's pioneering creativity. They are complemented with a selection of objects and sculptures from 1998 to the present day, which can now be seen in an exhibition and publication for the very first time.
