To Be An Israeli: The Fourth Book In The All My Love, Detrick Series

Synopsis

The fourth book in the "All My Love, Detrick" series. Elan Amsel understands what it means to be an Israeli. He sacrificed the woman he loved, his marriage, and his life for Israel. When Israel went to war and Elan was summoned in the middle of the night he did not hesitate to defend his country. Even though he knew, he would pay a terrible price for his decision. Elan is not a perfect man by any means. He can be cruel. He can be stubborn and self-righteous. But he is brave, and he loves more deeply than he will ever admit. This is his story. However, it is not only his story; it is also an account of the lives of the women who loved him. Katja, the girl who he cherished but could never marry, who would haunt him forever. Janice, the spoiled American that he wed to fill a void, who would keep a secret from him that would one day shatter him. And Nina, the beautiful Mossad agent who Elan longed to protect, but knew that he could not. "To Be An Israeli" spans from the beginning of the Six-Day War in 1967 through 1986 when a group of American tourists are on their way to visit their Jewish homeland. This book is a saga of a people who to this day live under the constant threat of war and terrorism. It is the story of a nation built on the blood of her people, a people who understand that if Israel is to survive they must put Israel first. These are the Israelis.

This is the fourth book in The All My Love, Detrick series by Roberta Kagan. By far, this is one of the best, if not the best series I have read in a really long time. If you have not read this series, treat yourself and enjoy. You won't be sorry. I highly recommend it.

Enjoyed thus book very much! It gives you an insight into what the Israelis went through under Hitler. Also how it affected their whole life and the lives of their children. The Jewish people of Europe love their homeland and will fight and die for their freedom. They recognize their enemy. Beware America it could happen to us! Appreciate our freedoms and guard them. Radical Islam is our Hitler. Listen to the Prime Minister of Israel!!!!

I love the first of the series, the second was very good and the third was good. This one was good but kind of disappointing, I feel almost like she might just be kind of coasting with the story now , I do still plan on bringing the new one that's coming out next month but I was a bit disappointed with this one. To be An Israeli just kind of came off of that preaching here and there. I somehow felt that at times it was almost like it was making people feel like anybody who's not an Israeli cannot understand the life there, I tend to disagree with that. It was a good book it was nice to continue the line point of the characters from the first book all my love Detrick however I don't always like the way she went with certain characters, although it's the right is prerogative to make the characters the way they want. I thought this was going to be the last book but seeing that a new one is coming out which continues the story yet more I am going to have to read it to see how it goes off. As I've said I enjoy the series I just don't feel that there is good as the first book, yet I'm not ready to put them down and not continue them.

As a person of Jewish origin I found this book extremely interesting, though I think anyone wanting to understand the Jewish people would find this book well worth reading. At times stress on points the author wanted to make were somewhat overdone. We got it the first time you made the point, we don't need it driven home repeatedly. Overall the integration of various characters with their life story was effective. I look forward to reading the next book in the series.

This. Is a wonderful read . Enjoyed it so much. It has helped me to understand what these people had to go thru after the war.

Surprising story about Israel's 6 day war and the people involved. Love and loss involved and why no one turned down the draft. Several Muslim countries are poised to attack Israel and the need to defend there right to life. Most had lived through Hitler and the certainty that this time they would all be exterminated. It also involved Love as I said.

This series is excellent. 'To be an Israeli' is great, it can be read on it's own because there is a short history of the previous book. I would definitely recommend reading this book, but I also recommend reading the entire series.

Roberta Kagan is a great story teller, and To Be an Israeli is another story that captivates the reader in wanting more now. The stories she writes come out of a terrifying part of history that should not have happened. A poignant love story encompassing many different lives is meant to be read non stop.
