Customer Reviews

I've given this 4 stars only because I haven't yet made any cookies from it. I don't usually review anything without using it but I bake a lot and I can tell a good recipe from a bad. These recipes sound like they will be good. I intend to try a few..they have easy to find ingredients and there's nothing complicated in the directions. I think this book is worth a try. Perhaps I will update this review when I have time to bake something from it...I like the recipe for black and white cookies, I think that will be my first try.

Love this book. Great book. I found alot of new recipes to try this year. I would highly recommend it.

A lot of weird recipes that I'll never use. Was written by someone for whom English is clearly a second language, as the spelling and grammar are awful. That being said, I did use a couple of the recipes and they turned out great.

Great!

It's fun to make new things and this book doesn't disappoint.

Enjoyed the recipes. Good basics and I added flavors and used high quality ingredients to make these cookies my own.

when you don't have time, drop cookies are the best , good recipes

Great recipe book.
