Briand Bedford grew up in South Africa and traveled extensively before becoming the editor-in-chief of the *Spartacus International Gay Guide* in 2000. His studies and career in the field of International Hotel Management were helpful in the creation of the *Spartacus International Hotel Guide*. He is an expert in the field of gay travel and knows everyone who is anyone in the gay world. His publications are well known in the international gay community and include not only the *Spartacus International Gay Guide*, of which over 9.5 million copies have been produced since 2000!

I love my *Spartacus international sauna guide*, they still have some familiar sauna's that I have not been to in years and I love the descriptions for each sauna which makes it easy to choose which sauna interest you.

Have been a loyal reader for years. I never go to any foreign country without bringing it along.

A generous 224 pages of the best international saunas awaits the reader who is looking for al the

best sites internationally for relaxing, soaking up the sun, hot steam room or sauna, and meeting new friends and assignments! The book gives photos of the various locales around the world where the fit and friendly meet and greet, offers the addresses, telephone numbers, websites when present, and the special aspects of each of these tried and tested destinations. A description of the sometimes unique sauna culture is described at the beginning of each country listed. Or as Bruno GmÃfÃ under Group phrases it in the promo, 'in addition to the classical sauna types such as steam, Finnish or bio saunas, one can also make contacts, full of sparkling erotic and exciting encounters in saunas. As such in many countries saunas are used as a place of refuge for gay or bisexual men, who cannot have sex with men in their homes. These possibilities and a multitude of useful details can be found in the newly published Spartacus Sauna Guide. In the 10th edition sauna fans will find information regarding size, prices and opening hours, as well as the other sauna visitors, the services offered and key features on site. With help from our user-friendly pictogram-system additional information are simple and clearly understandable. The editorial team has listed 650 saunas from 215 cities in 63 countries worldwide in two languages on 224 pages.' This edition is up to date, includes apps for the iPhone, and information about the area so that there are few surprises of the wring kind. As always the Spartacus guide leads you to the best of 45 countries, 800 saunas and plenty of color pictures to tease you to follow the guide! Grady Harp, September 14
