Victoria Hagan: Interior Portraits

Synopsis

The first book to survey the work of this iconic designer, known for her serene "new American classic" look. One of today's most influential designers, Victoria Hagan exploded onto the scene in 1988 when New York magazine devoted the cover of its design issue to one of her rooms. Since then she has become renowned for her intelligent integration of architectural and interior design, her refined use of materials, her sophisticated color palette, and her strong silhouettes. Always looking to the view, Hagan effortlessly makes a close connection of interior spaces to the surrounding landscape. The houses profiled—ranging from elegant urban residences to casual weekend retreats—reveal Hagan's unerring attention to what Proust called "the unexpected detail," which makes her interiors beautiful as well as timeless. Throughout, Hagan discourses on the spirit of cherished objects—a print of birds in flight, a vintage star-shaped mirror, or a chair with an unusual silhouette—that add soul and modernity. With stunning photography and personal insights into Hagan's design philosophy, *Victoria Hagan: Interior Portraits* is an artful and inspiring collection of this design superstar's oeuvre.

"Celebrating her firm's 20 years, *Victoria Hagan: Interior Portraits* (Rizzoli, \$50) captures the decorator's signature style - equal parts elegance and comfort - with projects that include Nantucket cottages, prewar apartments, and a Jackson Hole retreat." ~*Elle Decor* (October 2010)"Known for restrained and refined rooms with cerebral atmospheres and strong architectural foundations,

Hagan merges traditional aesthetics with the requirements of modern living. Her crisp, uncluttered designs are not only visually appealing, her clients - who include Revlon chairman Ron Perelman and comedian Conan O'Brien - find them supremely peaceful." ~Elle Decor (June 2010)"For a look at home decor of today, Victoria Hagan, Interior Portraits (Rizzoli, \$50) shows contemporary domiciles (stately SoCal residences and N.Y. aeries) - all with the designer's sophisticated hues and refined sense of space." ~California Style

I absolutely adore Victoria Hagan. If you loved the movie house in Something's Gotta Give, credit Victoria's work that inspired so many of the details in the set design. Victoria is an absolute genius. I designed my current home keeping to her aesthetics and everyone that visits marvels at the clean, minimalist design. Buy this and enjoy the beautiful, cerebral work of this American icon.

Beautiful photos and homes.

Very nice book by a truly talented designer.

Disappointed with some of the photography. Several of the photos looked like they had been overblown from smaller prints. Actually looked like the book had been put together in a hurry.

Ms. Hagan presents us with a book just full of pictures! She has top notch taste and her book will be amongst my favorite cocktail table books, though I'll be tucking this one safe in a basket by the fireplace...

Very traditional and classic!

I use the as a coffee table book and will pick it up and look through it occasionally while watching TV. I enjoy the content and it looks great as a coffee table book/decoration as well.
