Richard Scarry's Best Little Board Book Ever

Synopsis

Concepts like colors and simple words have never been easier and more fun than when presented by Richard Scarry. Here are two classic board books, THE COLOR BOOK and EARLY WORDS, available for the first time together in one volume. Frannie the bunny shows you all the important words to identify what's in your room, your bathroom, your closet, the kitchen, and the playground. Then Mr. Paint Pig introduces eight colors that brighten the world. Originally published in 1976, these two bestselling board books sold a combined 500,000 copies. Now, bound together for the first time, this is the must-have title that's just the right level for young minds and just the right size for small hands.

Grade Level: Preschool and up

Customer Reviews

Generations of children all over the world have grown up spending hours poring over RICHARD SCARRY's oversized books filled with all the details of their lives. No other illustrator has shown such interest in the day-to-day words and concepts of childhood. Scarry was raised and educated in Boston. After five years of drawing maps and designing graphics for the U.S. Army, he moved to New York to pursue a career in commercial art. But after showing his portfolio to one of the original editors at Golden Books, he found a home for himself. In the extraordinary career that followed, Richard Scarry illustrated over one hundred books, including almost thirty Little Golden Books and ten Big Golden Books, many of which have never been out of print.

Purchased to entertain my 15 month old granddaughter while she stayed with us for a week. Board books are better for toddlers, because they can chew on them without damaging them, and the pictures and stories are simple enough to keep their attention. Beyond that, Richard Scarry's illustrations are always charming, with some humor thrown in which adults can appreciate.

This book was very cute, but smaller than expected. Would make a great stocking stuffer!!! It was fun to reminisce on the Richard Scarry from my child hood and I am glad I could share it with our child.

Very sturdy for a toddler

This is cute but it isn't really fluid. It's just one story right after another, and they really aren't stories but more about learning words and colors. I think once our little one is older it will be more entertaining.

Its alright, but TINY!

its a good board book... a little smaller than I thought, but that is my fault for not reading the description

Son loves this! Great pictures, fun text.

What can I say about the author Richard Scarry that has not been said? I bought this for my grand daughter because when her father was a small child he loved all the books by the author. Endless time was spent searching for lowly worm in the larger books. These books stand the rest of time and all the characters are adorable.
