## Customer Reviews

"No writer has made so positive an impact on the prayer life of this generation of Christians as Stormie Omartian. God has used her profoundly and there is no one I would recommend more readily: she's biblical, practical, and best of all she lives the life!" Pastor Jack Hayford, Founder-Chancellor, The King's University

Stormie Omartian is the bestselling author of The Power of a Praying series (more than 35 million books sold). Her other books include Just Enough Light for the Step I'm On; Lead Me, Holy Spirit; Prayer Warrior; and Out of Darkness. Stormie and her husband, Michael, have been

married more than 40 years. They are the parents of two married children and have two granddaughters. [www.stormieomartian.com](http://www.stormieomartian.com)

Please note that most of these prayer focused books by Stormie Omartian are offered as (1) a book, (2) a study guide, and (3) a prayer book. The original book is the BEST purchase if you are looking for just ONE purchase. THIS book is the first, the original "Power of a Praying Parent" book. The book is broken down into 31 chapters each focusing on a different area you can direct your prayer for your children. Each chapter has an explanation/teaching that usually includes a real life example from the author and is followed by a sample prayer as well as a page of related Bible verses. It is a must have for every parent and the 31 chapter format is a great way to incorporate the teaching into your every day life by covering one each day and starting over each month. The chapters are short, but very powerful. I highly suggest making the purchase and then making a commitment to read from it daily. It is not a book to just merely read, but a book to mediate on and live by. As an added bonus there is an extra chapter on praying for adult children which includes a specific prayer for each topic covered geared towards adult children (Note that she has also written a new book that specifically deals with adult children, "The Power of Praying for Your Adult Children"). Also, there is an appendix covering praying together with other parents. Beyond this book you can also purchase the study guide which does not include prayers or any content from this book, it is only a book of study questions to help inspire thought and discussion. The third book available is a small (perfectly pocket-sized) book that is JUST prayers, but handy to carry around with you always. I highly recommend all of the books; just be aware of which one you are purchasing, each series uses the same cover art on all three books.

This Praying Parent i recomend to all parent very helpful and powerful this book help me and guide me how to pray for my kid. And now me and my son is more closely than before.

Great book!

I thought this book was a nice kickstart to specific prayers for your children, but, I was disappointed with the lack of depth. Many people pray for years for a specific blessing for their children and God chooses a different path for them. Our prayers are not always answered the way we want them to be. This book implies that those who do not pray the "right way" will not be blessed and that those who pray will get exactly what they ask for. Anyone who has read the Fathers of the Church and

understands the teachings of Jesus would see that life very often involves us putting all of our faith in Jesus without getting the "results" we expected.

Power of a Praying Parent is such a helpful book in teaching parents how to begin praying for their children. I have prayed the many different prayers for 10 years and am now giving the book to other moms as a gift. It gives scripture references in the Bible to refer to and claim the promises of. It is a powerful tool for every parent.

This is a great book. My book is highlighted, marked, posted with posted notes, etc.. I have found it beneficial when I do not know what or how to pray about concerning my children. It is biblical with verses that match the prayers. I have bought several book and given them as gifts for friends. The Power of a Praying wife is great as well.

I love this book. I have even given it as a Gift before. During our crazy days it is sometimes hard to think of things to pray for our Children or what to even ask. This is an excellent book and has thought up many important things that I would never have even thought of to pray about my Children. It has also helped me to learn how to pray better for my Family.

I have owned, read, and prayed out of Stormie Omartian's Power of a Praying Wife since my first year of marriage nearly ten years ago. Since having children I have wanted this book and through a Christmas gift I was finally able to satisfy my desire with a purchase. While I'm not AS pleased with this volume as Power of a Praying Wife (mostly just the set-up design of the chapters, etc), I am nonetheless very happy. I love how Stormie's prayers are prefaced by great and clarifying chapters, sometimes intensely profound in their own right, the prayers are reasonable lengths for a busy parent while not sacrificing personalization or intent of purpose. The chapter titles are a statement of what each prayer topic is about and she has some great ones such as, "Establishing an Eternal Future" (what Christian parent does NOT want their child saved?), "Honoring Parents and Resisting Rebellion" (no matter how young your child is, this can apply), "Following Truth, Rejecting Lies" (no one is free of the temptations and lies of Satan) and "Breaking Down Ungodly Strongholds". This book is powerful and hones in on the struggles of children through teenager-hood (though there is a final chapter that directs you in praying for adult children too). I struggle with prayer on my own so having Stormie's guidance from both her experience as a mother and as a Christian is such a benefit to me. I can stay engaged and focused, even when my littles ones require instant parenting I

can return and reengage. Each prayer and chapter is founded in Biblical truths. You don't have to take her word for it; every verse is listed for your own time of study and reflection.
