In Search Of A Help Meet: A Guide For Men Looking For The Right One

Synopsis

In today's world, finding that perfect woman is a difficult art or maybe a far-out gamble, and few there be that find the lady of their dreams. Making a good choice starts with knowledge of what you need, and how to spot the gal who has your number. Choosing the type of woman who not only turns you on but also relates well to you is the key to a glorious marriage. I guess the real issue is that most guys don't have a clue on how women tick and they sure don't know what they should be looking for. *In Search of a Help Meet* is a clear, focused plan for becoming a man of honor, getting primed for marriage and guidance in the search for the right lady. Michael and his wife Debi have been happily married since 1971 and have authored many blockbuster books on love, sex, and marriage.;

Customer Reviews

I loved this book. It was so interesting and freeing to learn what men look for in a woman, and how they look for us. I would recommend this book to any man or woman! I wish more young men would read this book! Great and quick read! -- Verified Purchaser Michael and Debi Pearl have done it again! Another excellent book-- founded in Scripture and full of practical, helpful advice for the young man searching for a wife. There is no more important relationship in life and making a wise choice to begin with helps make the 'long road together' a little more smooth---- You will appreciate this book for it's straight-talking encouragement and clear instruction in righteousness. -- Verified Purchaser Our family has all of the help meet books and we have enjoyed them all! This one is

intended for our son, but he's not quite old enough for it yet, so I read it to be prepared for when he eventually reads it. I have learned so much from these books as a wife, and I've also read the men's version, which I think has furthered my understanding of men and marriage in general. The Pearls have written a very helpful book for single men of all ages, but this would be most helpful starting at about age 14 or 15. -- Verified Purchaser

All 4 books.....In Search of a Help Meet, Preparing to be a Help Meet, Created to need a Help Meet and Created to be a Help Meet are the best!! My husband and I have done marriage counseling for years and these books get to the heart of the matter very quickly! If you get these books be prepared to change.

This insightful book is clear, concise and helpful. We will have all of our teen boys read this and discuss it at length. I think that it helps them to know themselves better, which is so important as they begin looking for a helpmeet.
