Well electronic version doesn't work on my Kindle, the Kindle app on my phone, or the Kindle reader program on my laptop so I only got 20 "pages" deep in the book before issues arose. Entire sections go black early on and wont pop up or it gets stuck on certain sections and it just repeats the same five pages no matter how much you swipe or click. I try to jump ahead and it kicks me back to the place I was stuck. Guess I will buy the hard copy version for double the price.
