Text: English, Swahili

Thomas J. Hinnebusch is Professor of Linguistics and African Languages at the University of California, Los Angeles.

I bought this because I'm headed to Kenya in a few months and wanted to familiarize myself a bit with the Swahili language. It's organized well and has thorough explanations of grammatical structure, etc. Of course, the book wasn't made to be a stand-alone self study book, so there are drawbacks like no way to check my answers to questions or my pronunciation, etc., but it's still working for me.

It is great, easy to understand and use, and it is interesting and fun to study. It came so fast, too. I am learning a lot!

A course book we're using for a university course; comprehensive and suitable for those wanting to

learn the language at a fair pace

It should have been marked Good as New. I was surprised at how great this book looked. It is more than worth what I paid for it. I am so impressed

Learn a lot.

Excellent book, and excellent condition. Didn't look used at all to me.

vizuri kitabu!

Really enjoyed this book
