Age Range: 4 - 8 years

Grade Level: Preschool - Kindergarten

Customer Reviews

My three-and-a-half year old daughter LOVES anything and everything to do with princesses. This past Christmas she received her first Palace Pets toy, a plush Lily, and has become obsessed with Palace Pets as well. I've purchased all of the Little Golden Book Palace Pets stories and had been eyeing up this book so I finally decided to order it. As soon as my daughter saw it, she shrieked with delight and can't stop looking at it! Palace Pets 5-Minute Palace Pets Stories includes a total of 12 stories: A Prancing Puppy for Cinderella, The Garden Party, A Bashful Bunny for Snow White, The Big Rescue, A Perfect Pony for Tiana, The Missing Musician, A Curious Kitten for Ariel, The Ocean Voyage, A Playful Panda for Mulan, The Great Market Chase, A Performing Puppy for Belle, The Shortcut. This book has 192 pages and features six of the Palace Pets: Pumpkin (Cinderella's puppy), Berry (Snow White's bunny), Bayou (Tiana's pony), Treasure (Ariel's kitten), Blossom (Mulan's panda

bear), and Teacup (Belle's puppy). There are two stories about each pet and their respective princess. The first story about each pet is the story of how they come to live with the princesses and the second story is a tale of their adventures once they live with them. Each story is about 12 pages long, has lots of fun, colorful pictures, and at least a few sentences on each page, or set of pages. As the title implies, these stories take about five minutes each to read or closer to ten if you take more time to look at the pictures and talk about the story. Like all of the 5-Minute Stories books, this book measures 8 inches by 10 3/4 inches, has a puffy cover and thick paper pages. My daughter loves this book and has requested it every night at bedtime and also sometimes during the day. Her favorite Palace Pet is Lily, Tiana's cat, who appears in "The Missing Musician" but so far, her favorite stories have been the two about Teacup. She never gets tired of hearing me read them to her even though I try to persuade her to let me read some of the other stories to her. I feel these stories are perfect for young children because they are cute and fun tales of adorable pets and I love that they are safe to read to my twins. We read these during the day and at night and sometimes my daughter will just sit and look at the pictures in this book. This book would also be good for young readers who love Palace Pets. If you have a young child who loves Palace Pets, this book would make a great addition to their collection and we highly recommend purchasing it!

I purchased this book for my 5 year old and we both enjoyed reading it. Stories are the perfect length for bedtime. If you have a princess loving kid I'm sure you are sick of reading the same tale over and over. This book will give you new stories with our beloved princesses. It is a win - win.

my girls really like this book. Quite a few stories for them to read pretty easily. ages 6 and 9

My daughter wanted this book and it was more \$ everywhere else. It was cheaper and shipping was so fast- thanks to prime. She enjoys the stories and the illustrations are cute.

My 6yr old daughter loves this book! We will enjoy it for many more years to come.

Our daughter really liked this book

Palace Pets are a hit in our household so when my daughter saw I bought her this, she immediately wanted to read all the stories. Each palace pet has two stories - one about how they met their princess owners and the other is a random story involving the pet. These stories are easy reads and

the perfect length before bedtime.

This is a very sturdy and child friendly case! My 3 year old loves it! And the handle makes it super easy to carry around.
