Highly recommended. Thought provoking. This is an allegory of the Christian walk; I found it to be strongly coherent with Scripture. It gave me fresh insight to Scriptures which I had perhaps glazed over from familiarity. I found I was underlining a lot. I went back and reread portions because I was fascinated. I don't often go back and re-read like that. Note: this allegory is by Rick Joyner - I've followed him for 20+ years. But I don't recommend the Path because I like Joyner (although I do). I recommend it because I caught the scent of Heaven as I was reading. I perceived the Spirit was in the writing, and was talking to me.

I've read to the last chapter. This book is for the people hungry for God, but is the fourth so far in a series where you really should read the other three first, and in correct order (1. The final quest, 2. The Call, 3. The torch and the sword). I think the first one is the best (and this one, The Path, has references to that on which it does not explain, so you have to read it first to see them), and all of them have very good spiritual advice for those who not only want to get closer to God, but also

serve Him in the way he wants. I think this books might be something of the best written in that area - especially for those who are open to the prophetic in visions and dreams. Remember to test everything with the bible though, as usuall ;)I final thing. I consider this book the least interesting of the four so far due to more parts with only dialogues and not as many painting images in visions as the other books. Still the lessons you get are as high quality and as I see it spiritual truths that the church in general forgot - maybe not as much in theory - but very much in it's life.By the way. In this book Rick meets both Elijah and Enoch, the two persons in the bible who never died physical death.

The book is most encouraging to my own personal life. It has confirmed many thing that the Lord has already spoken to me.It has also open my eyes to the areas in which I most not fall into. Overall, the truth shared by Rick Joyner are a richtreasure to those who want to persue the high calling of God. I am already reccomending many to read it.DF

The path was recommended by a friend, and it brought me back to a place i had left behind. It causes me to long again for my walks of intimacy with the lord. Before reading the path I missed knowing the nearness of the father.It rekindled the "love" in my soul for him alone. As an intercessor and mentor my hearts desire to see what I see and know what i know from nearness of him was activated. My prophetic anointing of walking with him as i walked this journey with them was activated by the gentle reminders along the way. My best day is a gentle rain, the path softened my heart to return to my first love. Any one wanting a companion to walk with them along the way, the revelation of the father from the path will open the door to the probability

This book was fantastic! I have read Rick's previous books of his encounters and trances and such. This to me was extremely timely and so revelatory. This book convicted me in areas of my life that i really needed. One of the things i have always loved about Rick's books is it is very personally applicable, and big picture applicable. The thing I've always loved about his writings of his revelation is that he will look at himself and apply the revelation to his own life instead of making it big picture first. This book makes you reflect on yourself and become very self aware of issues you may be dealing with (knowingly or unknowingly) and also what the body could be dealing with also. It is an encouraging book that causes you to remember the greatness of God and remember who you are in Him. I love the story too. It's much easier for me to get involved in these books because it seems like fiction, but it's not. (which makes it so much better!) This really brings things to life. Rick is a great writer and I've always loved his humility in his writings.

I've read several of Rick Joyner's books, and many other Christian books as well. I've been a Christian since 1971. When I read The Final Quest series, those books truly changed my life. I read them all several times. The Mountain of God. I am on my way there. With a burning passion in my heart, I see it, I am drawn to it, I must go. I found out I am a Warrior for the Lord. It's an amazing thing to know. Then I read this book. It was different in many ways than The Final Quest series, but also the same. This book takes place in the Wilderness. They are on their journey to that Mountain. This book is another major revelation from God for us. It is anointed by Holy Spirit and it has changed my life even more. The Lord spoke to my heart as I read this. When I finished, I cried very hard, because it had such an impact on my life. The Lord will give Mr Joyner more revelation and another book will follow. Until then, my fellow travel mates, let's continue our journey to the Fire on the Mountain.

We are at the end of all things and walking in the book of the Revelation of Jesus Christ to His Apostle John. This is the Tribulation. Great troubles are coming upon all of us, especially in the United States of America. We are under God's redemptive judgment and must know how we are to navigate perilous times. Please read Brother Rick's books in this series to enable you and your loved ones and friends survive.

This has inspired me to walk in the calling that God has placed on my life, which I have been refusing for many years. To take advantage of the opportunities to show the love of God at all times. I would recommend this book to all that have a desire to walk close to the Lord, minister's and laity alike.
