"Great introductory book that gives equal weight to historical and contemporary topics" --Parandeh Kia
"I can't remember ever enjoying reading a textbook so much since I was a graduate student. "

"Finding Out is an excellent and much-needed overview of LBGTQ studies, providing a thorough history and evocative readings reflecting a variety of perspectives and experiences." (Brecken Chinn)
"Great introductory book that gives equal weight to historical and contemporary topics" (Parandeh Kia)
"I can't remember ever enjoying reading a textbook so much since I was a graduate student. " (Teresa Sabourin)
"The information and history provided in

[Finding Out] are unlike anything I've had the opportunity to read. Queer history is so often completely ignored in schools, so this really gives me an opportunity to talk about where we've been, and where we're going, and hopefully encourage our students to get out from behind their computers and help to continue making change for the LGBT community!" (Lynn Zlotkowski)"Only introductory textbook for LGBT studies AND it covers a good range of topics, quality of scholarship is good, and has some good primary source readings; students in an introductory, general education course find it both accessible and interesting." (Diana L Swanson)

Course taken at Arizona State University, Good course book.
