The Raw Deal Cookbook: Over 100 Truly Simple Plant-Based Recipes For The Real World

Synopsis

A Flexible Approach to a Raw Food Diet Think going raw means eating raw meals all day, every day? Think again. Prepare for a practical, delicious, and flexible way to approach raw food with The Raw Deal Cookbook. Featuring over 100 amazingly simple plant-based recipes, plus tips and tricks for fitting raw food into your busy life, you'll explore raw food meals, drinks, snacks, and even decadent desserts that are full of flavor and brimming with nutrients. More importantly, you won't need to make a 100% commitment to start experiencing the health benefits. Whether you're switching up a few weeknight meals or completely overhauling your diet, this book walks you through the essentials of a raw food lifestyle and shows you how to incorporate raw food into your routine. Get creative in the kitchen, with:

- Raw Food Recipes: 100+ easy-to-prepare raw vegan recipes for breakfast, lunch, dinner, make-ahead snacks and sides, and more
- Raw Food Meal Plan: a practical 21-day sample menu starts you off
- Raw Food Labels: labels help out when you're short on time (30 minutes or less) and tight on cash (under \$10)
- Raw Food Substitutions: refer to nut-free options plus substitution tips to swap ingredients
- Raw Food Tips: 10 need-to-know tips for incorporating raw food into your life

Customer Reviews

Emily Monaco is a food writer and food blogger who is passionate about natural, whole foods. She lives in Paris.

Easy simple recipes with everyday ingredients. Good variety of foods with easy-to-use recipes.

Definitely a good buy, and I do recommend.

Arrived today. I now have book cookbooks and pleased. I purchased the Rawsome Vegan Cookbook and absolutely love the colorful pictures. The Raw deal has not as many pictures but the different examples and food choices is really cool. Yes, I would recommend both books.

If you are looking for healthier eating methods than this book is for you. What I really like about this book is the fact that a lot of explanation is provided as to the benefits and how to eat more raw foods. The author encourages a person to just incorporate some of these meals not trying to change all of a persons eating habits. The recipes are amazing. I cannot believe the sauces you can make from raw foods. There is no shortage of great ideas and recipes to try for anyone looking to eat little healthier. You can incorporate a few recipes or a lot, and still eat some wonderful meals. Truly I am amazed at the different recipes and things you can do while eating healthier. I really am learning a lot from this cookbook! Enjoy. I did receive this book for free to review, but my opinions are my own.

I have recently been paying more attention to foods and trying to cut out certain things such as dairy, gluten etc to see if that helps with some stomach issues I'm having and I had heard great things about eating a diet of raw foods. This Raw Deal Cookbook is a great way to start my raw food journey! There are so many recipes that actually don't sound bad and I love that it gives you a 21 day meal plan to help kick you off. I am looking forward to implementing these recipes into my weekly meals. I received this product at a discount in exchange for my honest and unbiased opinion. All reviews are 100% my own.

I appreciate the down to earth, realistic recommendations for adding raw foods into a diet plan. Instead of suggesting that we go all-in - raw only - the author discusses why that's probably not the best approach. The bulk of the book is instructions and recipes that are not only easy and healthy but flavorful and satisfying. She discusses how to soak, sprout, ferment and minimally process foods to use them in everything from snacks to beverages to main dishes to desserts and more - with every day ingredients and tools that you likely already have in your kitchen. I received this product at a discounted rate in exchange for my honest and unbiased review.

I am loving this cookbook, learning a lot on the benefits of eating raw. I originally received this book free then decided to purchase. I am in a new phase of my life and I have been gradually moving toward a healthier way of living. I thought this would be perfect for my new path. I would definitely recommend this book to anyone trying to eat healthier.

The Raw Deal Cookbook has everything you would want to know about a raw food lifestyle. The book starts off with information between a raw food diet and a vegetarian or vegan diet. A section dives into the building blocks of eating raw and what foods can enjoy while eating foods within this lifestyle. There are tips and tricks on foods you should not eat raw and whether it is safe for kids to eat raw foods. I received this product at a discounted rate in exchange for my honest and unbiased review. I found that the recipes look and sound appetizing. I can't wait to try the Kale Summer Rolls with Satay dipping sauce. The recipes have lots of herbs and spices and appear to be loaded with flavor. This book is bound to offer variety to a raw food diet.

Definitely going to use this book. I am a vegan trying to go raw and it's so hard. The recipes are easy to follow and not too ingredient heavy. (One recipe only has two ingredients!) It has the typical raw food recipes like raw rice and spaghetti as well as some new ones I've never seen. It has a 21 day meal plan. Breakfast, lunch and dinner ideas. Anything you could ask for. I love it!! I received this book at a discount for my honest and unbiased review.
