# Treating Herpes The Natural Way (Traditional Chinese Medicine, Herbs And Healing Series)

## Synopsis

This series focuses on a number of specific case-studies and patients which I have helped to such an extent with their health maladies, that both they and I would not hesitate to call their results a "cure." This includes Impotence and low-sperm count, Fordyce Spots treatment, Herpes A and B treatment, Osteoarthritis and HIV, though not full-blown AIDS. A more complicated treatment for cancer will follow. This, however, will not be a direct part of this series, as cancer treatment requires significant lifestyle changes beyond what even some of this very complicated treatments such as that for HIV require. This is because while the methodology of treatment is fairly straightforward with regards to Herpes A and B treatment, Osteoarthritis and HIV, this is not the case with various forms of cancer, which can be "fed" by treatment, if done improperly. As such, it is my sincere advice for the patient suffering from any type of cancer to communicate directly with the author of this text, and receive weekly treatment and training advise, so that this too can be overcome naturally.
