Customer Reviews

This book is alright. There really isn't a whole lot to it. You can only wiggle your finger around for so long before a kid gets bored. The wording isn't anything fancy to read and that's my biggest issue. I gave it 3 stars because it's a puppet book. I have some other books that are excellent and exciting for my son, this just isn't one of them.

This set is such a fun collection of books; this one is one of my son's favorites though. It's got a fun story that flows well and makes sense. The puppet is fun and looks like an owl (unlike some of the other ones).

Just the cutest and funniest finger puppet book! We laugh every time and both grandma and

granddaughter use the finger puppet.

It was a gift for my one year old niece. She seems to like it. I think the whole series of books are very cute. The pages are sturdy, and the finger puppets are adorable. Great book for a small child.

This is a nice book but the puppet doesn't move as well as some others I have used.

Fun book for the young owl lover

This is a very cute book and it was entertaining for my neices and even for my dog... he couldn't figure out what it was so he did the famous head tilt that boxers are famous for! I would recommend this! It is different than your typical book, it adds a fun extra dimension.

This is a fun, sweet book that my son loves.
