# Water Crystal Healing: Music And Images To Restore Your Well-Being

## Synopsis

For centuries, people have turned to classical music for its calming and relaxing effects. Internationally acclaimed water researcher Dr. Masaru Emoto has discovered why certain music has healing benefits: Music with the appropriate rhythm, tempo, tone, and melody can correct distorted frequencies within our cells, assisting our health and healing. In this unique collection, Dr. Emoto presents music that he has found through his research to be beneficial for common physical and emotional imbalances. Listen to the musical pieces while enjoying Dr. Emoto's captivating water-crystal photographs. The possible benefits you may experience include decreased joint and back pain; improved function of the nervous, circulatory, lymphatic, and immune systems; and the release of negative emotions such as anxiety, self-pity, and depression. The combination of images, words, and music in *Water Crystal Healing* concentrates consciousness as never before, providing a unique experience for healing.

## Customer Reviews

"Dr. Emoto leads us into the next generation of natural healing. The future of medicine is here. It is not a chemical and cannot be swallowed. Optimal well-being literally comes from good vibrations. Strengthen your spirit and dissolve dis-ease through the healing embrace created from the sight and sound of this select assemblage of classical music." -- Marcus Laux, N.D., editor of *Naturally Well Today*" Masaru Emoto's pioneering work demonstrating the effects of vibration and consciousness upon water is both profoundly inspiring and globally significant. *Water Crystal Healing* shows the

effects of specific music upon water and gives us the opportunity to listen to this music ourselves. The water crystals are extraordinary to view and the music is beautiful to hear. This book and the accompanying CDs are a magnificent addition to anyone's collection, especially those interested in the healing nature of music." -- Jonathan Goldman, author of Healing Sounds

"Masaru Emoto evokes our minds with curiosity, awakens our spirits with great music, and inspires that ever-present quest for harmony in our lives. Water Crystal Healing provides a beautiful assortment of music and images that allows us to enter the great flow of resonance and health." -- Don Campbell, musician and author of The Harmony of Health and The Mozart Effect

"I have worked with Dr. Emoto for more than a decade, developing and producing healing music that soothes the mind and body and awakens the spirit. With compositions by Tchaikovsky, Debussy, Wagner, Strauss, and other masters, this compilation carries the listener through classical landscapes that feed the soul." -- Alan Roubik, Roubik Records, Inc.

Masaru Emoto is an internationally renowned Japanese researcher who has gained worldwide acclaim. Emoto is a graduate of the Yokohama Municipal University's department of humanities and sciences with a focus on International Relations, and he received certification as a Doctor of Alternative Medicine from the Open International University. Emoto's research has visually captured the structure of water at the moment of freezing, and through high-speed photography he has shown the direct consequences of destructive thoughts and the thoughts of love and appreciation of the formation of water crystals. The revelation that our thoughts can influence water has profound implications for our health and the well-being of the planet. Masaru Emoto has written many books, including the New York Times bestselling *The Hidden Messages in Water*, and his books have been published in twenty-four languages.

Emoto claims that by listening to the music on the enclosed CD and looking at the pictures in the book, that healing can be affected. I do not know about that, but the pictures of the crystals are stunning and the music is simply beautiful. This is a beautifully produced book and well worth the price.

Dr. Emoto is one with the water and does an excellent job of explaining and showing us how we are, too! Since our bodies are comprised of so much water, we are impacted by everything, and his research shows us how. His work with water crystals is nothing short of mind-expanding. You can actually SEE how music impacts us! You can SEE how music can calm, heal, even anger us! There

is so much to be learned from Dr. Emoto's work, and this is just the beginning. I highly recommend this book, complete with the beautiful recordings that create the amazing cellular changes shown in the book! Master pieces!

Did you know that your body is about 90% Water? The book was a great read and I loved the 2 free CD's. I will be having surgery in the next 45 days and it was the main reason I purchased the book. I have felt so much better that I am now wondering if I really need the surgery. I especially liked his research on water, one where he analyzed pond water and then subjected the water to healing music. The proof is in his slides. The water that was exposed to healing music and/or blessings formed beautiful crystals. Did you know you are 90% water? What if you cells can heal? You have nothing to loose and every thing to gain.

This book has brought me peace and better health. The information about how Masaru Emoto discovered the importance of water in our lives is fascinating. The pictures of the water crystals are beautiful and are helpful in restoring your health and well being. The pictures and music have been carefully selected after years of study and observation. Listening to the music will bring health and peace into your life. I highly recommend this book. The information not only applies to water but to other aspects of you life as well.

i highly recommend this or any of Masaru Emoto's books. this is an amazing understanding of this water. i actually have bottles with symbols on them that I drink everyday. Awesome book

Great photos and CDs to boot. Well worth your investment.

Love this book!
