The Power Of A Praying Mom® Mom: Powerful Prayers For You And Your Children

Synopsis

If we can be sure our children have strong faith in God and His Word, and the love of God in their hearts, then we can trust that they are set for eternity. Our prayers play a big part in helping them achieve that. ~Stormie
Bestselling author Stormie Omartian's heart resonates for you as a mom who wants to lift up your children to the One who is a Father to all. Gathered in this charming little book are prayers in pairs: One for you, Mom, and a corresponding one for your children. Each set covers a topic dear to your mother's heart—such as your children's relationship with the Lord, their growth in faith, their health, family, and friends, and so much more. Also included are Scripture verses and blank lines for you to write prayers that are specific and personal to you and your family. Let this lovely keepsake be a powerful reminder of how God works through praying mothers, and how covering your children in prayer will give you peace for every aspect of their lives.

Customer Reviews

"What a lovely little book. It is so user friendly, I find myself dipping into it day to day. Stormie pinpoints so many of the matters of the heart that we deal with ourselves, and that our kids deal with. We are called to pray for our families constantly, and this delightful book will be a welcome and happy tool to do that with." —Katie Stewart

These prayer books by Stormie Omartian are the best. Her prayers are on point! They focus on prayers for the family.

I loved this book, so many many good prayers that speak directly to the heart. You read exactly what I feel is meant for that day I feel!

Great book with encouragement for a Mom and her children.

Great book! The prayers are effective without being too wordy, easy daily prayer for both mom and kids! I purchased extra copies for friends.

this is an excellent book it helped me in so many ways although i am not married i would love to be one way and it still had helped in so many ways even though i am not married i would recommend this to any female

every mom needs this

Not what I had expected in terms of the size of the book. Having read several of her other books this one was much smaller than previous printed material. I know this isn't your problem but the printing companies.

My girls love these. Bought them as a gift
